ARTICHOKE

After last frost, sow seed 1/2 inch deep, in rows 4 foot apart in fertile well drained soil. Thin plants to 6 inches apart. Plants require lots of moisture.

Green Globe (120 days) This improved artichoke can get 4 feet tall and produce 3 or 4 flower buds 2 to 5 inches in diameter. Cut the edible deep green flower buds before they open. If not cut, the buds open to a spectacular purple thistle-like flower. Hardy in zones 8 and above.
1/8 Oz-$2.25 1/4 Oz-$2.95 1/2 Oz-$3.65 1 Oz-$6.65 1 Lb-$54.20

ASPARAGUS ROOTS

Plant after March 15th, in rows 3 feet apart. Dig beds 18 inches deep. Place several inches of cow manure in the bottom of the bed and cover with 3 to 4 inches of clean rich soil. Plant crowns 14 inches apart and cover with 2 inches of soil. As spears grow, fill remaining 6 inches with soil. Make a partial harvest the following spring and a full harvest the next spring.

Jersey Knight (Mid Season) Produces the highest quality spears of the Jersey hybrids. Hardy through zone 3. Highly resistant to rust, fusarium, root rot, crown rot and cercospora. Heavy producer. 2 year old roots.
25 Roots: $23.95 (2 Shipping Lb.) 100 Roots: $90.95 (8 Shipping Lb.)

Purple Passion Low fiber burgundy colored spear with creamy green interior. The sugar content of these sweet tasting large diameter spears is 20% greater than green spears. Heavy producer. 2 year old roots.
25 Roots: $25.95 (2 Shipping Lb.) 100 Roots: $98.60 (8 Shipping Lb.)

BUSH BEANS - GREEN PODDED

One-half pound sows a 100 foot row and feeds a family of five. After last frost sow seed 2 to 3 inches apart, 1 to 1-1/2 inches deep, in rows 18 to 24 inches apart. For a continuous supply make successive sowings every 2 weeks through midsummer

Blue Lake Superior (63 days) Bush type of famous pole variety. Pods are 5.75-6 inch. The newest Blue Lake bean, with improved characteristics. It has a better disease package, improved characteristics and uniform pods. An excellent variety for home gardener or anyone look for an improved Blue Lake bean.
2 Oz-$3.25 1/4 Lb-$5.70 1/2 Lb-$8.30 1 Lb-13.50 5 Lb-$54.00

Burpee's Stringless Green Pod (50 days) This very popular variety produces a dark green, stringless pod that is 6 or 7 inches long, round and sometimes slightly curved. The erect plants are generally 18 - 20 inches tall and are tolerant to heat. Seeds are dark brown or coffee color. This variety is widely used by home gardeners for canning or freezing.
2 Oz-$2.45 1/4 Lb-$3.95 1/2 Lb-$5.50 1 Lb-$8.45 5 Lb-$32.50

Seed Inoculant recommended for increased yields. Each pack covers up to 8 lbs of beans or garden peas. (*Shipping Weight: 2 oz.) $4.95 per pack.*

Contender (55 days) The 6 inch bean is very flavorful and stringless. This early producing variety is high in vitamin A, B and C. Excellent for canning or freezing. Mottled seed in oval pods. Excellent disease resistance.
2 Oz-$2.45 1/4 Lb-$3.95 1/2 Lb-$5.50 1 Lb-$8.45 5 Lb-$32.50

Edamame, Midori Giant (70 days) An early maturing soybean with large pods that is a traditional edamame. The beans are eaten out of the shell or used in oriental food.
2 Oz-$7.45 1/4 Lb-$15.05 1/2 Lb-$23.25 1 Lb-$39.85 5 Lb-$168.25

Jade (60 days) Long, straight, stringless, very dark green 6-1/2 inch pods are exceptionally sweet and tender. Upright bush holds the pods well above the ground, reducing the likelihood of curling and tip rot. Treated seed.
2 Oz-$2.45 1/4 Lb-$3.95 1/2 Lb-$5.50 1 Lb-$8.45 5 Lb-$32.50

Kentucky Wonder 125 (45 days) The same great taste, texture and appearance as the pole variety except earlier and hardier. The sturdy 12 to 15 inch plant does not need staking and produces an abundant 7 to 8 inch broad pods with white seeds.
2 Oz-$2.45 1/4 Lb-$3.95 1/2 Lb-$5.50 1 Lb-$8.50 5 Lb-$32.50

Light Red Kidney Bean *(*95 days*) A* popular kidney bean with mild bean flavor. Plants grow to medium size.
2 Oz-$2.45 1/4 Lb-$3.95 1/2 Lb-$5.50 1 Lb-$8.45 5 Lb-$32.50

Provider (52 days) Vigorous, strong rooted and exceptionally productive, even in adverse conditions. The medium green 5-1/2 inch long pods are stringless with purple seeds and are tender and low in fiber.
2 Oz-$2.45 1/4 Lb-$3.95 1/2 Lb-$5.50 1 Lb-$8.50 5 Lb-$32.50

Roma II (59 days) High yielder. Upright plants hold large, smooth, flat, medium green pods well off the ground. Very slow to develop seed and fiber. Produces for 3 weeks or longer if picked regularly. Tenderness and flavor make it one of the very best varieties for canning and freezing.
2 Oz-$2.50 1/4 Lb-$4.10 1/2 Lb-$5.70 1 Lb-$8.85 5 Lb-$34.25

State Half Runner (60 days) Half runner beans are halfway between bush and pole. Vines grow to 3' and will climb but staking is not essential. Beans are relatively short – 4"– but yields are heavy and last over a long period.
2 Oz-$2.45 1/4 Lb-$4.00 1/2 Lb-$5.55 1 Lb-$8.60 5 Lb-$32.50

Slenderette (53 days) 6 inch long slender, dark green pods with white seeds and is completely stringless. Outstanding flavor with the quality of Blue Lake with good disease resistance. Excellent for freezing or canning.
2 Oz-$2.45 1/4 Lb-$3.95 1/2 Lb-$5.50 1 Lb-$8.50 5 Lb-$32.50

Strike (55 days) Very high yield. Exceptionally straight pods are smooth and slender. The first choice for roadside stands. Pick at young stage.
2 Oz-$2.45 1/4 Lb-$3.95 1/2 Lb-$5.50 1 Lb-$8.45 5 Lb-$32.50

Seed Inoculant recommended for increased yields. Each pack covers up to 8 lbs of beans or garden peas. (*Shipping Weight: 2 oz.) $4.95 per pack.*

Tenderette (55 days) Pods are rich green, velvety, stringless, very tender, having very good flavor. Pods stay young for a long period of time. Plants are upright, bushy and very vigorous. Seeds are white satin in color and very slow to develop. An excellent variety for canning or freezing.
2 Oz-$2.45 1/4 Lb-$4.00 1/2 Lb-$5.55 1 Lb-$8.60 5 Lb-$32.50

Tendergreen, Improved (54 days) The medium green, round, stringless pods are 6 inches long. Plants reach a height of 18 to 20 inches. Seeds are purple, tan mottled. Very popular both with home gardeners and shippers.
2 Oz-$2.45 1/4 Lb-$3.95 1/2 Lb-$5.50 1 Lb-$8.55 5 Lb-$32.50

Topcrop (48 days) Quickly won rave reviews for its quality and flavor after its development by the USDA. The stringless medium green, round to creaseback pod matures to 6 inches. Pods are carried high on the plant and have rapid seed development. Resistant to common bean Mosaic and greasy Pod. Heavy yielder developed for the home garden.
2 Oz-$2.45 1/4 Lb-$3.95 1/2 Lb-$5.50 1 Lb-$8.50 5 Lb-$32.50

BEANS - POLE VARIETIES

Blue Lake Stringless (60 days) An early extra fine quality bean which is resistant to common bean mosaic. Plants are vigorous, growing 5 to 6 feet tall. The pods are dark green, straight, round and stringless in all stages, averaging 6 inches by 3/8 inch. White seed. Best green podded pole bean.
2 Oz-$2.65 1/4 Lb-$4.40 1/2 Lb-$6.20 1 Lb-$9.75 5 Lb-$38.00

Pinto III (95 days) The Pinto bean plant is a half-runner type that produces 20 inch plants with light tan seeds with brown speckles.
2 Oz-$2.45 1/4 Lb-$3.95 1/2 Lb-$5.50 1 Lb-$8.45 5 Lb-$32.50

Kentucky Wonder (65 days) Medium silver-green 7 to 8 inch pods are meaty, fleshy, slightly stringy but fibrous and borne in clusters. The buff-brown seeds are flat-oval shape. A good cut bean or for dry shell use.
2 Oz-$2.60 1/4 Lb-$4.25 1/2 Lb-$6.00 1 Lb-$9.45 5 Lb-$36.50

BUSH BEANS - YELLOW PODDED (WAX) VARIETIES

Cherokee Wax (58 days) Bright yellow 5-6 inch long, round, meaty, stringless pods with black seeds. Resistant to both rust and bean mosaic virus. Beans are excellent for fresh, freezing or canning.
2 Oz-$2.45 1/4 Lb-$4.00 1/2 Lb-$5.55 1 Lb-$8.65 5 Lb-$33.00

Golden Wax, Improved or Topnotch (50 days) The 5-1/2 inch pods are thick, flat, golden yellow, straight and stringless. Plants are dark green, 16 to 18 inches tall. Seeds are white with a brown eye, thick-oval in shape. One of the most popular dwarf wax varieties for home or market gardens.
2 Oz-$2.45 1/4 Lb-$3.95 1/2 Lb-$5.50 1 Lb-$8.45 5 Lb-$32.50

Pencil Pod Black Wax (56 days) Pods are 6 inches long, semi-round golden yellow, tender, fleshy and stringless. Plants are 14 to 18" tall. Oblong seeds are solid black. Popular for home and market gardeners.
2 Oz-$2.45 1/4 Lb-$3.95 1/2 Lb-$5.50 1 Lb-$8.50 5 Lb-$32.50

BEANS - DRY SHELL VARIETIES

Fava Broad Windsor (85 days) The 5 to 8 inch pods contain 5 to 7 seeds that look like lima beans. Beans are dried or shelled, cooked and peeled and have a buttery texture. The 1 to 3 foot long tap root opens up heavy, compacted soils. Good nitrogen fixing cover.
2 Oz-$2.70 1/4 Lb-$4.55 1/2 Lb-$6.45 1 Lb-$10.20 5 Lb-$40.00

LIMA BEANS - BUSH VARIETIES

One pound will plant a 100 foot row and feed a family of five.

Burpee's Improved (80 days) Pods are flat, about 5 inches long, containing 4 or 5 large seeds. Plants are about 20 inches tall, spreading with short runners. Heavy bearing. Seeds are thick, flat and white with greenish cast. Excellent cooking qualities.
2 Oz-$2.75 1/4 Lb-$4.60 1/2 Lb-$6.60 1 Lb-$10.40 5 Lb-$40.75

Fordhook 242 (75 days) All-America Bronze Medal Award-1945. Pods are 4-1/2 inches long containing 3 or 4 beans. Plants are 16 to 18 inches tall, dark green, compact. Beans are large, plump, pale green in edible stage. Excellent shipping, freezing, or home garden variety.
2 Oz-$2.70 1/4 Lb-$4.55 1/2 Lb-$6.45 1 Lb-$10.20 5 Lb-$40.00

Henderson's Baby Lima (65 days) Pods are 3 inches long, medium green, and contain 3 or 4 small beans. Plants grow 14 - 16 inches tall, compact, glossy dark green with fine leaves. Beans are small, light green at edible stage, creamy white in dry stage. Very productive.
2 Oz-$2.45 1/4 Lb-$4.05 1/2 Lb-$5.65 1 Lb-$8.75 5 Lb-$32.50

Jackson Wonder (68 days) Pods are 3 inches long, medium green, and contain 3 to 5 chestnut colored beans with purple/black mottling and a mild nutty flavor. 18 - 24 inches tall and tolerates both heat and drought.
2 Oz-$2.45 1/4 Lb-$4.05 1/2 Lb-$5.65 1 Lb-$8.80 5 Lb-$32.50

LIMA BEANS - POLE VARIETIES

Christmas or Large Speckled (90 days) Broad, flat pods, 5 to 6 inches long, medium green. Plants reach a height of 7 to 9 feet. Beans are large and flat, creamy green with deep red or maroon markings.
2 Oz-$2.75 1/4 Lb-$4.65 1/2 Lb-$6.60 1 Lb-$10.45 5 Lb-$40.90

King of the Garden (90 days) Pod measures 6 to 7 inches long, are smooth and flat, containing 4 or 5 large flat plump pale green to creamy white beans. Plants are vigorous climbers attaining height of 8 to 10 feet. Very productive. Valuable as a home garden variety and dry beans.
2 Oz-$2.75 1/4 Lb-$4.65 1/2 Lb-$6.60 1 Lb-$10.45 5 Lb-$41.00

BEETS - TABLE

One ounce sows a 100 foot row and feeds a family of five.
Sow seed 2 inches apart, 1 inch deep, in rows no closer than 12 inches apart. Beets can be planted as soon as the ground can be worked in Spring to August.

Bull's Blood (58 days) A beautiful heirloom that was brought back into production. Produces pretty dark red leaves to jazz up your salads. Foliage color intensifies as plants mature. Roots show attractive candy striped zoning circles when sliced.
1/4 Oz-$1.95 1/2 Oz-$2.35 1 Oz-$3.95 1/4 Lb-$9.25 1 Lb-$25.45

Cylindra (55 days) Unique, long cylinder shaped beet that is perfect for uniform slices. Dark red beets are tender and grow up to 8 inches long and 1-1/2 inches in diameter.
1/4 Oz-$1.75 1/2 Oz-$2.05 1 Oz-$3.30 1/4 Lb-$6.90 1 Lb-$17.95

Detroit Dark Red (58 days) A globe-shaped, dark red beet. Average size is 2-1/2 to 3 inches in diameter. Interior is dark red with slight zoning. The tender quality makes this beet an excellent table and canning variety. Tops are 12 to 15 inches long and a glossy dark green color.
1/4 Oz-$1.50 1/2 Oz-$1.70 1 Oz-$2.65 1/4 Lb-$5.00 1 Lb-$12.10

Early Wonder (49-52 days) A flattened, globe-shaped, dark red beet. Smooth skin, small tap root. Average size is 2-1/2 to 3 inches in diameter. Interior is dark red with lighter zoning. Glossy green tops are 16 to 18 inches long. An excellent bunching variety that is tender and sweet. For those that favor a Crosby type beet, we recommend Early Wonder.
1/4 Oz-$1.65 1/2 Oz-$1.95 1 Oz-$3.15 1/4 Lb-$6.60 1 Lb-$17.10

Golden Detroit (55 days) Large, orange round shaped beets turn golden yellow when cooked, and do not bleed like red beets. Retain their sweet flavor when cooking. Store well. Leaves and stems can be used in salads.
1/4 Oz-$3.35 1/2 Oz-$4.20 1 Oz-$7.75 1/4 Lb-$21.65 1 Lb-$64.60

Lutz Green Leaf (80 days) All-time favorite to use fresh or store for winter. Top shaped roots are rich purplish red, with dark red flesh.
1/4 Oz-$2.10 1/2 Oz-$2.50 1 Oz-$4.30 1/4 Lb-$10.30 1 Lb-$28.75

Red Ace Hybrid (53 days) Strong hybrid vigor has faster spring growth. Very smooth deep red root is very sweet tasting due to its extremely high sugar content. Performs well under dry conditions and resists bolting.
1/4 Oz-$4.55 1/2 Oz-$5.75 1 Oz-$11.00 1/4 Lb-$32.25 1 Lb-$98.05

White Albino (55 days) A completely white beet with sweet roots and a good beet flavor.
1/4 Oz-$3.35 1/2 Oz-$4.20 1 Oz-$7.75 1/4 Lb-$21.65 1 Lb-$64.60

MANGEL BEET AND SUGAR BEET

Sow seed 7 inches apart, 1 inch deep, in rows no closer than 12 inches apart. Beets can be planted as soon as the ground can be worked in spring thru August.

Mammoth Red Fodder (90 - 100 days) Relished by livestock and enhances their health. Nutritious light red beets have pale rose flesh, can weigh up to 20 pounds and grow up to two foot long with about half growing above the surface. Produces an incredible mass of edible beet leaves.
1/4 Oz-$2.20 1/2 Oz-$2.65 1 Oz-$4.60 1/4 Lb-$11.15 1 Lb-$31.25

Sugar (120 days) Roots grow about 8 inches deep and weigh 2 to 5 pounds. Abundant foliage with high sugar content.
1/4 Oz-$1.95 1/2 Oz-$2.35 1 Oz-$3.95 1/4 Lb-$9.00 1 Lb-$24.60

BROCCOLI

1/4 ounce sows a 100 foot row and feeds a family of five.
Sow seed 12 to 16 inches apart, 1/2 inch deep, in rows 24 to 30 inches apart. Plant in May and June. For an early crop, sow seed in cold frame about a month before planting time and transplant to growing area when plants are large enough for transplanting.

Green Sprouting or Calabrese (70 days) Heads are 3 to 5 inches in diameter, bluish-green in color. Compact plants are 30 to 36 inches tall, erect and leafy. Popular home garden and market variety.
1/8 Oz-$1.40 1/4 Oz-$1.65 1/2 Oz-$1.90 1 Oz-$3.10 1 Lb-$16.70

Purple Sprouting (63 days) An heirloom broccoli that is bred for overwintering. Produces lots of beautiful purple broccoli sprouts in the spring. Grows slowly through the winter and is very frost hardy.
1/8 Oz-$1.85 1/4 Oz-$2.35 1/2 Oz-$2.85 1 Oz-$5.05 1 Lb-$37.55

Romanesca (80 days) Somewhere between a broccoli and cauliflower, with 5"-6" heads. Cooked, 'Romanesco' has a delicious nutty flavor and a texture similar to cauliflower. Easier to grow for fall harvest as a warm spring may delay heads until fall.
1/8 Oz-$1.85 1/4 Oz-$2.35 1/2 Oz-$2.85 1 Oz-$5.05 1 Lb-$37.55

BRUSSELS SPROUTS

1/4 ounce sows a 100 foot row and feeds a family of five. Culture is same as that of cabbage

Long Island Improved (90 days) Compact plant is nearly 2 feet tall. Stem is well covered with cabbage-like sprouts about 1-1/2 inches in diameter. Matures from bottom to top of stem. Excellent flavor. Primarily a fall crop.
1/8 Oz-$1.40 1/4 Oz-$1.70 1/2 Oz-$2.00 1 Oz-$3.25 1 Lb-$19.20

CABBAGE

1/4 ounce sows a 100 foot row and feeds a family of five.

Sow seed 1/2 inch deep in hot bed or cold frame about 1 month before transplanting. Set early varieties outdoors in March or April, late varieties in May or June. Space plants 12 to 18 inches apart in rows 24 to 30 inches apart. (Maturity dates are from time of transplanting.)

Brunswick (90 days) This drought tolerant heirloom has wide flattened heads which weigh 6-9 pounds. Is very cold hardy and makes great sauerkraut. Fine to plant in spring, summer or fall.
1/8 Oz-$1.40 1/4 Oz-$1.65 1/2 Oz-$1.95 1 Oz-$3.15 1 Lb-$17.95

Golden Acre Y.R. (63 days) This fast growing variety produces nearly round, compact heads weighing about 3 pounds and measuring 6 to 7 inches in diameter. White interior. Very popular early variety.
1/8 Oz-$1.40 1/4 Oz-$1.65 1/2 Oz-$1.95 1 Oz-$3.15 1 Lb-$17.95

Jersey Wakefield (62 days) A short stemmed variety producing a conical or pointed compact head. Average size is 5 inches in diameter and weighs about 2 to 2-1/2 pounds. Dark green in color with a greenish-white interior. Excellent flavor makes it popular for home and market gardener.
1/8 Oz-$1.40 1/4 Oz-$1.65 1/2 Oz-$1.95 1 Oz-$3.15 1 Lb-$17.95

Michihli (Chinese) (75 days) A dark green variety. Sure heading and uniform in size and time of maturity. Interior is solid. Crisp, tender and good flavor makes it highly desirable in salads.
1/8 Oz-$1.30 1/4 Oz-$1.55 1/2 Oz-$1.75 1 Oz-$2.75 1 Lb-$13.35

Pak Choi (45 days) Easy to grow, fast to mature and important in Oriental cooking (chow mein and many stir-fried dishes). Delicious eaten raw. Needs cool weather to mature properly. Sow indoors in early spring and again 2 months before first fall frost.
1/8 Oz-$1.25 1/4 Oz-$1.50 1/2 Oz-$1.75 1 Oz-$2.75 1 Lb-$14.20

Premium Late Flat Dutch (100 days) One of the most popular and dependable of late varieties. A short-stemmed plant with medium green leaves, white interior and low core. The slightly flattened heads weight 10 to 12 pounds and measure 12 inches in diameter by about 7 inches deep.
1/8 Oz-$1.40 1/4 Oz-$1.70 1/2 Oz-$2.00 1 Oz-$3.25 1 Lb-$19.20

Red Acre (77 days) The best early red cabbage variety available. The deep reddish-purple globe shaped heads weigh 3 pounds and are 6 – 7 inches in diameter. Red Acre can add a striking beauty to your vegetable garden and can add new life to otherwise dull meals due to its striking color and wonderful taste. Stores better than most cabbages.
1/8 Oz-$1.45 1/4 Oz-$1.80 1/2 Oz-$2.10 1 Oz-$3.50 1 Lb-$21.30

CANTALOUPE OR MUSKMELON

1/2 ounce plants 100 foot row and feeds a family of five.
Plant about 1" deep, 18 to 24" apart in rows 48 to 60" apart. Can be planted from April to June.
Muskmelons require a fertile soil, rich with organic matter.

Ambrosia Hybrid (86 days) This Burpee variety has thicker flesh and small seed cavity is extra sweet tasting right down to the rind. The nearly round, 4 to 4-1/2 lb. fruit has medium-thick rinds, heavy webbing and no ribbing. (Seed Counts are approximate)
10 Seeds-$4.95 25 Seeds-$9.35 100 Seeds-$27.70 250 Seeds-$57.05

Burpee Hybrid (82 days) Still the most popular variety. 4 to 4-1/2 lb fruits are heavily netted, ribbed, round to slightly oval. Thick deep orange flesh is firm, juicy, sweet and delicious. Produces well even in northern states.
10 Seeds-$4.95 25 Seeds-$9.15 100 Seeds-$27.05 250 Seeds-$55.75

Delicious 51 (90 days) Fruit is 5 – 6 inch diameter, slightly oval, lightly netted, thick salmon-orange color flesh with sweet and aromatic flavor. An open pollinated variety similar to Hearts of Gold but with better disease resistance and an earlier harvest.
1/8 Oz-$1.90 1/4 Oz-$2.40 1/2 Oz-$2.95 1 Oz-$5.20

Hale's Best Jumbo (86 days) Fruit is 7-1/2 by 6", skin yellow-green, indistinct ribbing, heavily netted, thick salmon-orange color flesh, excellent flavor. Well adapted to shipping due to its firm flesh, strong rind and keeping qualities. Popular for roadside markets and home gardens.
1/8 Oz-$1.70 1/4 Oz-$2.10 1/2 Oz-$2.55 1 Oz-$4.40

Hearts of Gold (90 - 95 days) 3 lb fruit is 6 inches in diameter. Exterior is a deep green covered with a fine gray netting. Flesh is deep golden, fine-grained, very sweet and spicy. Good home market garden variety, but shell is not hard enough for shipping long distances.
1/8 Oz-$1.80 1/4 Oz-$2.30 1/2 Oz-$2.75 1 Oz-$4.85

Honey Dew (110 days) Considered to be the sweetest of all melons. The broad oval melon is 7 to 9 inches long and has smooth ivory-green skin. The sweet green flesh is high in vitamin C.
1/8 Oz-$1.80 1/4 Oz-$2.25 1/2 Oz-$2.70 1 Oz-$4.70

Honey Rock (82 - 85 days) Plant produces 5 to 7 melons. The nearly round 2 to 3 pound melon is about 6 inches in diameter with sweet deep salmon flesh and coarsely netted skin. 1933 All America Selection.
1/8 Oz-$1.85 1/4 Oz-$2.35 1/2 Oz-$2.85 1 Oz-$5.05

CARROTS

1/2 ounce sows a 100 foot row and feeds a family of five. Sow seed about 1/2 inch deep and thin so that plants are spaced 2 to 3 inches apart. Should be sown from April 1 to July.

Atomic Red (74 days) The bright red roots get more intense when cooked. High in lycopene which helps to prevent cancer in upper respiratory and digestive tracts.
1/8 Oz-$4.10 1/4 Oz-$5.65 1/2 Oz-$7.20 1 Oz-$14.00 1/4 Lb-$42.30

Chantenay Red Core (70 days) One of the most popular carrots for commercial, canning, freezing and home gardens. Roots about 5 inches long by 2-1/2 inches in diameter, square shoulder, stump rooted. Deep reddish-orange in color with core nearly same color as the flesh.
1/8 Oz-$1.50 1/4 Oz-$1.80 1/2 Oz-$2.15 1 Oz-$3.60 1/4 Lb-$8.05

Cosmic Purple (70 days) Beautiful sweet and tender purple skinned 9 inch carrot with orange yellow core. Add color to your favorite dish or salad.
1/8 Oz-$4.10 1/4 Oz-$5.65 1/2 Oz-$7.20 1 Oz-$14.00 1/4 Lb-$42.30

Danver's Half Long (75 days) Tops 16 to 20 inches tall. Roots are 7 to 8 inches long by 2 inches in diameter, heavy shoulders, slightly tapered, well stumped. Good for storing and shipping.
1/8 Oz-$1.50 1/4 Oz-$1.80 1/2 Oz-$2.15 1 Oz-$3.60 1/4 Lb-$8.05

Imperator 58 (75-80 days) Tops are 16 to 20 inches tall. Roots are 9 to 10 inches long by 1-1/4 to 1-1/2 inches in diameter. Not recommended for use in heavy soils.
1/8 Oz-$1.50 1/4 Oz-$1.80 1/2 Oz-$2.15 1 Oz-$3.60 1/4 Lb-$8.05

Little Finger (65 days) This early maturing baby carrot grows 3 to 3-1/2 inches long. Cylindrical shape, smooth skin and a very small core. Ideal for gourmet markets.
1/8 Oz-$1.65 1/4 Oz-$2.05 1/2 Oz-$2.45 1 Oz-$4.25 1/4 Lb-$10.15

Nantes Half Long (70 days) Short tops. A half long variety measuring 5 to 6 inches long by 2 inches width at shoulder. Slightly tapered, stump-rooted. Red-orange in color with indistinct core. This crisp and tender variety has proven satisfactory for all purposes.
1/8 Oz-$1.50 1/4 Oz-$1.80 1/2 Oz-$2.15 1 Oz-$3.60 1/4 Lb-$8.05

Rainbow Mix A mix of our lunar white, solar yellow, atomic red, cosmic purple and imperator orange carrot seed. A beautiful blend that is sure to be a delight at the dinner table.
1/8 Oz-$3.90 1/4 Oz-$5.35 1/2 Oz-$6.80 1 Oz-$13.20 1/4 Lb-$39.70

CELERY

Sow seed 1/4 inch deep, indoors 10-12 weeks before transplanting. When plants are 6 inches tall and soil is above 55 degrees plant outside at 12 inch spacing.

Tall Utah (105 days) Tall, vigorous high yield celery with long clean stalks and crisp tender texture. Resistant to black heart.
1/8 Oz-$1.65 1/4 Oz-$2.05 1/2 Oz-$2.45 1 Oz-$4.25 1/4 Lb-$10.15

CAULIFLOWER

1/4 ounce of seed produces about 500 plants.
See cabbage for sowing rates and culture. Leave 2 feet between plants and 3 feet between rows. When the heads are about 3 inches across, tie up the outer leaves to aid in blanching.

Snow Ball Imp. (55 days) Early. Heads are medium to large size, firm, smooth, and very white with excellent quality and uniformity. Medium sized plant with good leaf cover. Widely adapted.
1/8 Oz-$1.80 1/4 Oz-$2.30 1/2 Oz-$2.80 1 Oz-$4.90 1/4 Lb-$12.25

Purple Cauliflower (70 days) Beautiful, brilliant purple heads weigh 2-3 lbs and are of a fine, sweet flavor. The heads cook to bright green. Insect-resistant, it is also easier to grow than many white varieties, and it is rich in minerals.
1/8 Oz-$7.10 1/4 Oz-$10.05 1/2 Oz-$13.00 1 Oz-$26.00 1/4 Lb-$81.80

COLLARDS

1/4 ounce sows a 100 foot row and feeds a family of five.
Sow seed about 1/2 inch deep in late Spring. Thin plants to 14 inches apart.

Morris Heading (85 days) An heirloom. Semi compact plants have sweet, waxy, blue green leaves. Tolerant of heat and cold. Very slow to bolt, full of antioxidants and very rich in vitamins and minerals.
1/8 Oz-$1.30 1/4 Oz-$1.55 1/2 Oz-$1.75 1 Oz-$2.75 1/4 Lb-$5.20

True Southern or Creole (80 days) The most popular variety of collards. Plant grows to 2 to 2-1/2 feet tall forming large, loose and spreading blue-green crumpled leaves. Light frosts will improve the quality of the leaves.
1/8 Oz-$1.30 1/4 Oz-$1.55 1/2 Oz-$1.75 1 Oz-$2.75 1/4 Lb-$5.20

ORNAMENTAL CORN

One pound plants four 100 foot rows.

Fiesta Indian Corn (100 days) A hybrid selection of Indian corn which produces 7 to 10 inch ears with a vivid mix of blue, red, yellow and white kernels. 50 to 70% of the ears have purple husks.
2 Oz-$4.25 1/4 Lb-$6.75 1/2 Lb-$11.70 1 Lb-18.80 5 Lb-$87.50

Indian Corn (110 days) Highly decorative ears produced on strong stalks. The kernels provide a delightful range of colors. Extremely popular as a home decoration and an excellent seller at roadside markets.
2 Oz-$1.85 1/4 Lb-2.55 1/2 Lb-$4.80 1 Lb-$8.15 5 Lb-$35.25

OPEN POLLINATED SWEET CORN (NON-HYBRID)

One pound plants four, 100 foot rows and feeds a family of five.

Hickory King (115 days) Not a sweet corn, used to make hominy. Large *white* kernels are thick and wide and can be used for roasting ears if picked early.

2 Oz-$2.35 1/4 Lb-$3.90 1/2 Lb-$5.60 1 Lb-$8.90 5 Lb-$40.50

Truckers Favorite (75 days) 8 to 9 foot stalks bear 8 to 10 inch ears with 14 to 18 rows of deep, tender, sweet *white* kernels, if picked early. If ears are allowed to mature, the kernels will be hard and can be used to make hominy.

2 Oz-$2.35 1/4 Lb-$3.90 1/2 Lb-$5.60 1 Lb-$8.90 5 Lb-$40.50

HYBRID SWEET CORN

All hybrid sweet corn is treated

One pound plants four, 100 foot rows and feeds a family of five.

Make first planting after last frost. For an early crop, try an early maturing variety and plant the last week of April. Sow seeds 1 inch deep, 4 inches apart in rows 30 inches apart. Thin plants to 8 - 12 inches apart. Plant in blocks of 4 rows to assure proper pollination. A continuous supply can be had by making successive plantings. Sweet corn requires higher nitrogen such as 20-10-10 fertilizer. None of our sweet corns are GMO.

SU – *Normal sugary varieties are the standard type of sweet corn enjoyed for many years. Still good corn, but if they're not used immediately after picking, their sugar converts to starch and then they no longer have the sweet taste.*

SE – *Sugary enhanced varieties with increased sugars and tenderness that maintain their quality over a longer period of time. No isolation from standard sweet corns is necessary nor will it affect quality.* ***Homozygous*** *denotes that both parents of the hybrid are SE.* ***Heterozygous*** *denotes that one parent of the hybrid is SE.*

Sh2 – *Supersweet or Augmented varieties that contain the shrunken gene and have higher sugar content than SU or SE varieties. The Sh2 gene greatly blocks the conversion of sugar to starch which allows these hybrids to hold their sweetness much longer than SU or SE types. Supersweet hybrids generally require warm soil (60 degrees) or higher for optimum germination. They contain the Sh2 gene but kernels are extra juicy and tender like SE varieties. Isolate from field corn, popcorn and other sweet corns.*

SE-Sh2 – *Synergistic cross between supersweet Sh2 and sugar enhanced SE varieties gives the best of both. Higher sugar content, more tender, sweeter, longer flavor holding ability and more cold tolerance. Not recommended for long haul shippers or processors. Isolate from field corn, popcorn and other sweet corns.*

WHITE HYBRID SWEET CORN

Argent SE (86 days) This heterozygous sugar enhancer is the *white* version of Incredible. Ears are 8-1/2 inches long, 2 inches in diameter with 16 rows and excellent longer flavor quality. Plant height is 6.5 feet with a 23 inch ear height. This superb variety is highly tolerant to stewart's wilt.
2 Oz-$4.65 1/4 Lb-$7.45 1/2 Lb-$12.95 1 Lb-$20.90 5 Lb-$97.50

Avalon SE-Sh2 (82 days) The ultimate Triple Sweet *white* corn where eating quality is paramount. Combines the crunchy texture of sugar-enhanced varieties with the extra sweetness and longer flavor holding ability. Ears are 8.25 inches long with 16 rows. NEEDS ISOLATION
250 Seeds-$8.25 500 Seeds-$11.05 1m-$16.75 2m-$30.15 5m-$71.60

Milky Way SE-Sh2 (82 days) A Triple Sweet *white* with Attribute II above ground insect protection and tolerance to glufosinate herbicides. The well-filled 8.5 inch ear is 1.8 inches in diameter with 16 rows. Especially suited for planting on the ends of fields where glufosinate is used. NEEDS ISOLATION. A stewardship agreement is not required for 2,500 seed pack (plants about 1/10 acre).
2,500 Seed Pack - $73.95 25 m Seed Pack - $561.95

Silver King SE (82 days) A *white* homozygous SE from the original producer of Silver Queen. More than 10 days earlier than Silver Queen. Ears are 8 inches long, 2 inches in diameter with 16 - 18 rows of pure *white*, creamy kernels. The medium green husk provides good cover. Tolerance to common rust, northern leaf blight and stewart's wilt.
Seed Count: m = 1,000 seeds
250 Seeds-$6.35 500 Seeds-$8.40 1m-$12.55 2m-$22.40 5m-$52.85

Silver Queen SU (92 days) An old standard for *white* sweet corn, always tender and extra sweet. Ears are 8 to 9 inches long with 14 to 16 rows of glossy *white* kernels and a delightful creamy texture. Excellent resistance to Stewart's wilt. Very popular for produce stands. Best if picked and cooked the same day.
Seed Count: m = 1,000 seeds
250 Seeds-$6.40 500 Seeds-$8.40 1m-$12.55 2m-$22.45 5m-$52.95

BICOLOR HYBRID SWEET CORN

Ambrosia SE (75 days) A delicious sweet corn with the homozygous SE gene. Ears are 8 inches long and 2 inches in diameter with 16 rows of *bicolored* kernels. 78 inch plant height with an ear height of 20 inches. Excellent early vigor with high tolerance to Stewart's Wilt.
2 Oz-$5.25 1/4 Lb-$8.55 1/2 Lb-$14.95 1 Lb-$24.20 5 Lb-$113.50

Butter & Sugar SU (73 days) An heirloom with old-fashioned flavor, texture and quality. Six foot tall plant produces 1 or 2 ears, 7-1/2 inches long with 14 to 16 rows of *bicolored* kernels. Best if picked and cooked the same day.
2 Oz-$4.30 1/4 Lb-$6.90 1/2 Lb-$11.90 1 Lb-$19.15 5 Lb-$89.25

Delectable SE (84 days) A *bicolor* homozygous SE hybrid with large well filled ears and dark green husk. The 9 inch ear is 2.1 inches in diameter with 18 rows. Plant height is 88 inches with 26 inch ear height. This bicolored version of incredible is an excellent variety for the home garden, fresh market, roadside stand and shipping.
2 Oz-$5.25 1/4 Lb-$8.55 1/2 Lb-$14.85 1 Lb-$24.10 5 Lb-$113.00

Jackpot SE (82 days) A homozygous hybrid with a long ear filled to the tip with sweet and tender kernels that satisfy the most discerning sweet corn customers. The 8.8 inch ear is 1.9 inches in diameter with 16 to 18 rows. Plant height is 88 inches with 26 inch ear height.
Seed Count: m = 1,000 seeds
250 Seeds-$5.75 500 Seeds-$7.50 1m-$11.15 2m-$19.90 5m-$46.75

Nirvana Sh2-AUG (76 days) Augmented with the best of all worlds. It has vigor and cold tolerance with the highest quality taste and texture. Unique sweetness. High yielding with uniform, full tipped ears with good kernel contrast and rowing. The 8 inch ear is 1.8 inches in diameter with 16 to 18 rows. Ears are 26 inches high on an 83 inch plant. NEEDS ISOLATION
250 Seeds-$8.15 500 Seeds-$13.40 1m-$19.95 2m-$35.75 5m-$84.40

Peaches & Cream SE (83 days) A very popular heterozygous hybrid. The 8.5 inch ear has good tip cover and is 1.8 inches in dia. with 18 - 20 rows. Plant height is 84 inches with an ear height of 26 inches. Plants are 6 foot tall with an ear height of 26 inches. *Seed Count: m = 1,000 seeds*
250 Seeds-$5.95 500 Seeds-$7.75 1m-$11.55 2m-$20.60 5m-$48.50

Providence SE-Sh2 (82 days) A Triple Sweet *bicolor* that growers brag about. The well-filled 8 inch ear is 1.75 inches in diameter with 14 to 18 rows. Especially suited for roadside & local markets. Plants are 78 inches tall with an ear height of 24 inches. NEEDS ISOLATION
250 Seeds-$8.25 500 Seeds-$11.10 1m-$16.75 2m-$30.20 5m-$71.70

Remedy SE-Sh2 (82 days) Triple Sweet *bicolor* with Attribute II above ground insect protection and tolerance to glyphosate and glufosinate herbicides. The well-filled 8.5 inch ear is 1.7 inches in diameter with 14 to 16 rows. Especially suited for planting on the ends of fields where glyphosate or glufosinate is used. NEEDS ISOLATION. A stewardship agreement is not required for 2,500 seed pack (plants about 1/10 acre).

2,500 Seed Pack - $69.95 25 m Seed Pack - $529.95

Serendipity SE-Sh2 (82 days) This is the first introduction of a Triple Sweet *bicolor*. The 8 inch long ear with 16 rows has the tender sweetness of an SE with the long holding capability of the super sweets. Plant height is about 8 feet tall. NEEDS ISOLATION *Seed Count: m = 1,000 seeds*
250 Seeds-$7.60 500 Seeds-$10.10 1m-$15.25 2m-$27.40 5m-$64.95

Silver & Gold SE (65 days) A high quality, bi-color corn variety. Each Ear is packed with sweet juicy kernels. It has good seedling vigor with strong production of 8 in. to 8.5 in. ears that are covered with 12-16 rows of wonderful eating. An exceptional choice for gardeners looking for a fast growing corn to stager plantings.

2 Oz-$3.20 1/4 Lb-$4.90 1/2 Lb-$8.30 1 Lb-$13.15 5 Lb-$60.50

Solstice Sh2-AUG (70 days) An Augmented *bicolor* with excellent emergence and vigor. The 7.5 inch ear, 1.8 inches in diameter with 16 rows has a strong husk covered tip with exceptional tip fill. Ears are 20 inches high on a 70 inch plant. The eating quality stands out as one of the best for the season. NEEDS ISOLATION *Seed Count: m = 1,000 seeds*
250 Seeds-$8.25 500 Seeds-$13.60 1m-$20.25 2m-$36.30 5m-$85.65

Sweetness SYN (68 days) Excellent emergence and vigor. Sturdy 72 inch plant produces a nice 8 inch ear with 14-16 rows, solid tip fill and great husk protection. It's exceptional sweetness, tenderness and high sugar content makes it one of the best for the season. NEEDS ISOLATION
250 Seeds-$7.15 500 Seeds-$11.70 1m-$17.35 2m-$30.90 5m-$124.55

Trinity SE (70 days) A very tasty, early homozygous SE with a clean compact plant and refined ear with good husk protection. The 8 inch ear is 1.8 inches in diameter with 14 rows. Plant height is 72 inches with an 18 inch ear height. The high ear placement makes it suitable for mechanical harvest. An excellent early variety for the home garden, roadside stand and fresh market.

2 Oz-$5.20 1/4 Lb-$8.45 1/2 Lb-$14.70 1 Lb-$23.80 5 Lb-$111.50

YELLOW HYBRID SWEET CORN

Bodacious R/M SE (75 days) With the sugar enhancer gene Bodacious is a new experience in sweet corn eating. Exceptionally tender kernels with superior sweet flavor that holds well after harvest. Ears are 8 inches long with 16 rows of golden *yellow* kernels. High resistance to common rust & MDM. Intermediate resistance to Stewart's wilt & NCBL
2 Oz-$5.20 1/4 Lb-$8.45 1/2 Lb-$14.75 1 Lb-$23.90 5 Lb-$112.00

Golden Queen SU (75 Days) A yellow silver queen with 8 to 9 inch ears and 14 to 16 rows with excellent tip fill. Especially developed for whole ear frozen pack. *Seed Count: m = 1,000 seeds*
250 Seeds-$5.95 500 Seeds-$7.80 1m-$11.60 2m-$20.65 5m-$48.70

Honey Select SE-Sh2 (79 days) The first *yellow* Triple Sweet hybrid. The 8.5 inch long ear with 18 to 20 rows has the tender sweetness of an SE with the long holding capability of the supersweets. All-America Selection award winner with outstanding flavor. NEEDS ISOLATION.
250 Seeds-$5.80 500 Seeds-$9.25 1m-$13.60 2m-$24.15 5m-$56.60

Incredible R/M SE (85 days) A truly gourmet sweet corn for home gardens, fresh market, roadside stands and shipping. This homozygous SE gene renders superb eating. Ears are 9-1/2 inches long with 18 rows of *yellow* kernels with good husk protection and flag leaves. **The name says it all**. The same great variety as the regular Incredible SE with a stronger disease package. Has immunity to common rust and maize dwarf mosaic.
2 Oz-$5.25 1/4 Lb-$8.50 1/2 Lb-$14.80 1 Lb-$24.00 5 Lb-$112.50

Iochief (85 days) Older variety but a heavy producer. The 9 inch ear is 2.5 inches in diameter with 14 to 18 rows of *yellow* kernels on a 7 foot plant.
2 Oz-$3.10 1/4 Lb-$4.75 1/2 Lb-$8.00 1 Lb-$12.65 5 Lb-$58.25

Kandy Korn EH (89 days) Outstanding sugary-sweet corn with distinct purple stalk and husk. Ears are 8 inches long with golden *yellow* kernels. Good cold tolerance. Many think this is the best for canning and freezing.
250 Seeds-$5.20 500 Seeds-$8.25 1m-$12.10 2m-$21.40 5m-$49.95

NK-199 SU (82 days) Back by popular demand. NK-199 is known to come through with little moisture. The 8 inch ear is 2 inches in diameter with 19 to 20 rows of *yellow* kernels on an 8 foot plant. (Untreated)
2 Oz-$4.50 1/4 Lb-$7.25 1/2 Lb-$12.55 1 Lb-$20.25 5 Lb-$94.50

Protector Sh2 (79 days) Triple Sweet *yellow* with Attribute II above ground nsect protection and tolerance to glyphosate and glufosinate herbicides. The well-filled 8 inch ear is 2 inches in diameter with 16 to 18 rows. Especially suited for planting on the ends of fields where glyphosate or glufosinate is used. NEEDS ISOLATION. A stewardship agreement is not required for 2,500 seed pack (plants about 1/10 acre).
2,500 Seed Pack - $69.95 25 m Seed Pack - $528.20

Sugar Buns SE (72 days) Homozygous early gourmet sweet corn that has been a fast and steady favorite for many years. The 7-1/2 inch ear is 1.7 inches in diameter with 14 rows of *yellow* kernels on a 76 inch plant.
2 Oz-$5.25 1/4 Lb-$8.50 1/2 Lb-$14.80 1 Lb-$24.00 5 Lb-$112.50

Sunglow, Early SU (60-63 days) Outstanding vigor under cold conditions permits early planting. Very tender 7 inch long ears with 12 rows of golden-*yellow* kernels have excellent flavor. Many plants have 2 ears.
Seed Count: m = 1,000 seeds
250 Seeds-$4.80 500 Seeds-$6.20 1m-$9.05 2m-$16.00 5m-$37.35

Sweetie 82 Sh2 (81 days) This super sweet has an 8 inch ear, 1-3/4 inches in diameter with 16 to 18 rows of *yellow* kernels. Good tip fill. Tolerant to rust. NEEDS ISOLATION. .
2 Oz-$4.50 1/4 Lb-$7.25 1/2 Lb-$12.50 1 Lb-$20.20 5 Lb-$94.25

AMERICAN HYBRID FIELD CORN

American Seed's goal is to provide the highest yielding, highest quality seed available in the industry at a reasonable price. We incorporate the latest technology into American Hybrids to meet our customers' needs.

Cruiser Extreme® 250 or Equivalent *provides seed and seedling protection from early season corn insect pests.* ***Commercially applied to all of American Hybrids*** *for your convenience and to ensure uniform and consistent coverage of each and every kernel.*

CONVENTIONAL – *Non GMO. Conventional hybrids that do not contain any genetically modified organisms.*

LEAFY – *Recommended for silage only. American leafy hybrids have a thinner rind, more leaves above the ear, softer kernels, more dry matter and slower dry-down. The end result is a silage with more tonnage, more protein, is more digestible, and has a bigger window of opportunity for harvest. Grain hybrids actually have opposite traits than leafy corn. The "Old Days" of selecting cheap blends, tall grain hybrids or the poorest looking grain field for silage production are in the past. Livestock economics dictate the need for specific silage corn hybrids and the traits bred into them.*

AGRISURE® GT – *American Hybrids with Agrisure® GT are tolerant to glyphosate-based herbicides, the active ingredient in RoundUp® and Credit® Extra.*

AGRISURE® ARTESIAN® – *American Hybrids with Agrisure®* Artesian® *provides maximum yield potential when it rains and increase yield potential when it doesn't.* Artesian® *corn hybrids belong to an elite class of high-performing hybrids that use multiple genes to convert water to grain more effectively than other hybrids.*

AGRISURE® ABOVE GROUND – *American Hybrids with Agrisure® Above Ground controls European Corn Borer, Southwestern Corn Borer, Black Cutworm, Southern Cornstalk Borer, Lesser Corn Stalk Corn Borer & Sugarcane Borer. Pests Surpressed: Corn Earworm, Western Bean Cutworm, Fall Armyworm & Common Stalk Borer. Significantly reduces mycotoxin and aflatoxin contamination. Increased flexibility in weed management with tolerance to glyphosate (Credit® Extra and RoundUp®) and glufosinate (Liberty®) herbicides.*

Agrisure® and Cruiser Extreme® are registered trademarks of a Syngenta Group Company, RoundUp® is a registered trademark of Monsanto Company. Liberty® is a registered tradeark of BASF. Credit® is a registered trademark of Nufarm Americas.

D081 (81 days) Ultra early hybrid with exceptional yields for this maturity. Med.-tall plant with very good stalks and roots. Medium-high ear height and excellent test weight. Optimal planting rate is 28,000 to 34,000 kernels per acre. Kernels treated with Cruiser Extreme 250 or equivalent.
D081 (Conventional) *- $185.50 / 80,000 kernel bag*

D082 (82 days) Early hybrid with excellent seedling vigor and outstanding yields. The healthy medium-tall plant has excellent stalks and roots. The semi-flex ear has 16-18 rows and is medium height. Excellent stay green makes this an outstanding dual-purpose hybrid Optimal planting rate is 28,000 to 32,000 kernels per acre. Kernels treated with Cruiser Extreme 250 or Equivalent.
D082 (Agrisure® Artesian® Conventional) *- $189.50 / 80,000 kernel bag*
D082GTA (Agrisure® Artesian® GT) *- $255.50 / 80,000 kernel bag*

D085 (85 days) Outstanding yields with excellent seedling vigor. Medium height plant has excellent stalk strength with upright leaves that provide great canopy cover. The flex ear has above average test weight. Optimal planting rate is 28,000 to 32,000 kernels per acre. Good dual-purpose hybrid. Kernels treated with Cruiser Extreme 250 or Equivalent.
D085-AA (Agrisure® Above Ground) *- $269.50 / 80,000 kernel bag*

E090-GT (90 days) Outstanding yields. Medium-tall plant with excellent stalks and roots and fast dry-down. Ear is medium-high height with very good test weight. Optimal planting rate is 28,000 to 34,000 kernels per acre. Kernels treated with Cruiser Extreme 250 or Equivalent.
H090-GT (Agrisure® GT) *- $251.50 / 80,000 kernel bag*

G090-AA (90 days) Outstanding yields. Medium-tall plant with excellent stalks and roots and fast dry-down. Ear is medium-high height with very good test weight. Optimal planting rate is 28,000 to 34,000 kernels per acre. Kernels treated with Cruiser Extreme 250 or Equivalent.
G090-AA (Agrisure® Above Ground) *- $269.50 / 80,000 kernel bag*

D092L (92 days) **NEW!!!** A full floury leafy hybrid which contains the recessive opaque-1 gene in both parents of the cross. Provides a softer, more floury endosperm with an extended harvest window because kernels do not significantly loose starch digestibility as they mature. Plant is tall with excellent seedling vigor, roots and stalks. Flex ear with a white cob. Optimal planting rate is 28,000 to 30,000 kernels per acre. Kernels treated with Cruiser Extreme 250 or Equivalent.
D092L (Leafy-Conventional) *- $185.50 / 80,000 kernel bag*

D095 (95 days) Superior yield performance with excellent seedling vigor. Medium-tall plant has excellent stalks, good roots and very fast dry-down. Medium height Flex ear with 18-20 kernel rows has excellent test weight. Optimal planting rate is 28,000 to 34,000 kernels per acre. Kernels treated with Cruiser Extreme 250 or Equivalent.
D095 (Conventional) *- $185.50 / 80,000 kernel bag*

A096 (96 days) Superior yield performance with excellent seedling vigor. Medium-tall plant has excellent stalks, good roots and very fast dry-down. Medium height Flex ear with 18-20 kernel rows has excellent test weight. Optimal planting rate is 28,000 to 34,000 kernels per acre. Kernels treated with Cruiser Extreme 250 or Equivalent.
A096-GT (Agrisure® GT) *- $251.50 / 80,000 kernel bag*

M100 (100 days) Widely adapted hybrid with top yield. Medium height plant has strong stalks with excellent roots. The medium height semi-flex ear has 18-20 kernel rows and good test weight. A good dual purpose hybrid. Optimal planting rate is 28,000 to 34,000 kernels per acre. Kernels treated with Cruiser Extreme 250 or Equivalent.
M100-AA (Agrisure® Above Ground) *- $269.50 / 80,000 kernel bag*

B104 (104 days) **NEW!!!** Widely adapted hybrid with top yield. Medium height plant has strong stalks with excellent roots. The medium height semi-flex ear has 18-20 kernel rows and good test weight. A good dual purpose hybrid. Optimal planting rate is 28,000 to 34,000 kernels per acre. Kernels treated with Cruiser Extreme 250 or Equivalent.
B104-AA (Agrisure® Above Ground) *- $269.50 / 80,000 kernel bag*

A107 (107 days) **NEW!!!** Very good late season plant intactness for delayed harvest and a very good dual-purpose hybrid. Medium-tall plant with medium-high flex ear with 18-22 kernel rows. Optimal planting rate is 28,000 to 34,000 kernels per acre. Kernels treated with Cruiser Extreme 250 or Equivalent.
A107-AA (Agrisure® Above Ground) *- $269.50 / 80,000 kernel bag*

B108 (108 days) **NEW!!!** A medium-tall hybrid with outstanding yields and has excellent stalks, roots and average grain quality. Good test weight. Very good dual-purpose hybrid. Optimal planting rate is 30,000 to 36,000 kernels per acre. Kernels treated with Cruiser Extreme 250 or Equivalent.
A108-GT (Agrisure® GT) *- $251.50 / 80,000 kernel bag*

B108 (108 days) **NEW!!!** A medium-tall hybrid with outstanding yields and has excellent stalks, roots and average grain quality. Good test weight. Very good dual-purpose hybrid. Optimal planting rate is 30,000 to 36,000 kernels per acre. Kernels treated with Cruiser Extreme 250 or Equivalent.
*B108-AA (**Agrisure®** **ABOVE GROUND**) – 269.50 / 80,000 kernel bag*

As an independent seed company, we have a very large pool of inbreds available to develop the best hybrid field corn. American Hybrids continue to give you the best crop for your Money! We are able to keep our prices low and affordable due to not passing on marketing costs to the consumer. Even with alarming inflation and freight rates, ***we still have the best prices for top quality products***.

CUCUMBERS

1/2 ounce plants 100 foot row and feeds a family of five.

Cucumbers require warm, rich, well-drained soil. Highly susceptible to disease and adverse weather. Plant about 1 inch deep from April to July. Put in hills of about 4 seeds per hill. Space hills about 3 feet apart.

Boston Pickling or Green Prolific (57 days) A black spine variety. Dark green fruits are blunt-ended and measure 5-6" long by 3 to 3-1/2 inches

1/8 Oz-$1.55 1/4 Oz-$1.85 1/2 Oz-$2.20 1 Oz-$3.75

Burpless 26 (55 days) A "***burpless***" smooth skin slicer with extra sweet flavor. Bush type plants are vigorous and produce medium green 10 – 12 inch long cylindrical smooth biter free fruit.

1/8 Oz-$3.85 1/4 Oz-$5.25 1/2 Oz-$6.65 1 Oz-$12.90

Early Spring Hybrid (52 days) This 10 to 12 inch long slender dark green cucumber is extra crisp, mild, bitter-free and "***burpless***" all season long.

1/8 Oz-$3.90 1/4 Oz-$5.35 1/2 Oz-$6.80 1 Oz-$13.20

Long Green Improved (67 days) Heirloom variety first introduced in 1872. A strong, vigorous producer of abundant dark green fruit. An excellent slicing cucumber up to one foot long.

1/8 Oz-$1.60 1/4 Oz-$2.00 1/2 Oz-$2.40 1 Oz-$4.05

Marketmore 76 (65 days) Plump straight 8 to 9 inch dark green fruits stay green and mild tasting even under heat stress. Good disease resistance keeps plants vigorous and highly productive across a long picking season.

1/8 Oz-$1.60 1/4 Oz-$2.00 1/2 Oz-$2.40 1 Oz-$4.05

Spacemaster Bush (60 days) White spine, 7-1/2" long by 2-1/2" in diameter. Dark green compact vine. Resistant to cucumber mosaic virus.

1/8 Oz-$1.70 1/4 Oz-$2.10 1/2 Oz-$2.55 1 Oz-$4.40

Straight 8 (60 days) White Spine. All-American Gold Metal Award-1935. Dark green broad leaves give good coverage. Vines are vigorous and productive. Rich dark green fruit is very firm and at best slicing size when 8" long by 2-1/2" in diameter, rounded at ends with very little striping at blossom end.

1/8 Oz-$1.60 1/4 Oz-$2.00 1/2 Oz-$2.40 1 Oz-$4.05

Tendergreen (56 days) A crispy, sweet, "***burpless***" English style cucumber with a thin tender skin. The medium green 7 inch long cucumber can be eaten without peeling and is also excellent for pickling. A heavy yielder

1/8 Oz-$1.55 1/4 Oz-$1.95 1/2 Oz-$2.30 1 Oz-$3.90

White Wonder (56 days) Albino cucumbers are a very productive and vigorous variety that produces a 7-9" long fruit. Long white cucumbers even grow in the summer heat, unlike other types.

1/8 Oz-$1.75 1/4 Oz-$2.15 1/2 Oz-$2.55 1 Oz-$4.25

EGG PLANT

1/8 ounce plants 100 foot row and feeds a family of five.
Space plants about 18 inches apart in rows about 30 to 35" apart. Seed should be started in hotbed in February or March for transplanting in April or May.

Black Beauty (80 days) Plants are 24 to 39" tall, erect, compact, large green leaves, producing 4 to 6 dark purple, smooth globular fruits.
1/8 Oz-$1.90 1/4 Oz-$2.40 1/2 Oz-$2.90 1 Oz-$5.05

Ghost Story (63 days) This new white eggplant is a real game-changer. Smooth, firm, and heavy. It has a refined small cap that is usually spineless. Flesh is dense, bright white, and slow to develop seeds. Excellent when picked early and provides continuous yields.
10 Seeds-$2.35 25 Seeds-$3.15 100 Seeds-$7.05 250 Seeds-$12.95

Long Purple (80 days) The Long Purple variety of eggplant grows to be up to eight to ten inches long. This classic favorite produces club shaped fruit that are 10 inches long by 2 inches in diameter.
1/8 Oz-$1.90 1/4 Oz-$2.40 1/2 Oz-$2.95 1 Oz-$5.20

ENDIVE

1 ounce plants 100 foot row and feeds a family of five. May be sown in flats and transplanted in about three weeks, or sown in field in rows 18 to 24 inches apart. Thin plants in rows so that they are 12 to 15" apart. Can be used through early winter if protected with a mulch.

Broad Leaved Batavian (80 days) Large, broad, lettuce-like leaves with a creamy white heart and a buttery texture. Very cold hardy.
1/8 Oz-$1.55 1/4 Oz-$1.85 1/2 Oz-$2.20 1 Oz-$3.75

Green Curled (75-80 days) Plants are 16 to 18" in diameter. Deep cut fringed outer med. green leaves with pale green midrib. Blanches easily.
1/8 Oz-$1.55 1/4 Oz-$1.85 1/2 Oz-$2.20 1 Oz-$3.75

FLOWERS

Aster, Powder Puff – An annual hybrid mix of brightly colored pom-shaped flowers. Plants average 20 to 24 inches high.
1/8 Oz-$2.35 1/4 Oz-$3.10 1/2 Oz-$3.80 1 Oz-$7.00

Bird & Butterfly Mixture – This annual and perennial flower mix creates a habitat to attract your favorite songbirds, butterflies and hummingbirds.
1/8 Oz-$2.30 1/4 Oz-$3.05 1/2 Oz-$3.75 1 Oz-$6.85

Black Eyed Susan – A biennial wildflower. The yellow flowers have a brown center. Plants grow over 3 feet tall. Blooms June to October.
1/8 Oz-$2.10 1/4 Oz-$2.70 1/2 Oz-$3.30 1 Oz-$5.90

Bumblebee Buffet - Mixture of annual and perennial flowers proven to attract bumble bees. The flowers have a long range of bloom periods, so you'll have color and nectar over a longer time period.
1/8 Oz-$2.50 1/4 Oz-$3.25 1/2 Oz-$4.05 1 Oz-$7.50

Calendula, Pacific Beauty – Great as cut flowers and can double in the kitchen as an edible flower. Easy to grow annual with mixed yellow and orange blooms. Long lasting Spring blooms.
1/8 Oz-$1.70 1/4 Oz-$2.15 1/2 Oz-$2.55 1 Oz-$4.40

Coneflower, Purple – A hardy perennial with bright purple flowers.
1/8 Oz-$2.15 1/4 Oz-$2.80 1/2 Oz-$3.40 1 Oz-$6.15

Cosmos, Sensation Mixture – An annual with large flowers and yellow center.
1/8 Oz-$1.85 1/4 Oz-$2.30 1/2 Oz-$2.80 1 Oz-$4.95

Cut Flower Mixture – This annual and perennial mix provides long lasting cut flowers for many years to come.
1/8 Oz-$2.00 1/4 Oz-$2.55 1/2 Oz-$3.10 1 Oz-$5.55

Deer Resistant Mix – The Deer Resistant Seed Mix is a blend of annual and perennial garden flowers and wildflowers that are known to be resistant to deer browsing.
1/8 Oz-$2.10 1/4 Oz-$2.75 1/2 Oz-$3.35 1 Oz-$6.05

Easy Care Childrens Garden - The Easy Care Children's Garden Seed Mixture is a low maintenance blend of easy to grow, annual garden flowers. It is especially well-suited for children's gardens.
1/8 Oz-$1.90 1/4 Oz-$2.40 1/2 Oz-$2.90 1 Oz-$5.10

Edible Flower Mixture – The Edible Flower Mixture is a blend of annuals and perennials that have tasty, **edible flowers**. Flavors include spicy, tangy, floral, peppery, and minty.
1/8 Oz-$2.00 1/4 Oz-$2.55 1/2 Oz-$3.10 1 Oz-$5.60

Four O'Clock - This old time garden favorite blooms in late afternoon to early morning. Easy to grow with trumpet flowers.
1/8 Oz-$1.55 1/4 Oz-$1.85 1/2 Oz-$2.20 1 Oz-$3.60

Fragrant Flower Mixture – This annual and perennial mix of colorful flowers provides lovely fragrance all season long.
1/8 Oz-$1.95 1/4 Oz-$2.50 1/2 Oz-$3.05 1 Oz-$5.40

Hummingbird & Butterfly – Attract butterflies and hummingbirds from spring through fall.
1/8 Oz-$2.15 1/4 Oz-$2.80 1/2 Oz-$3.45 1 Oz-$6.20

Johnny Jump Up (Viola) – Helen Mount variety. The low growing 1 to 2 inch tricolor flowers in purple, yellow and white can over-winter or reseed.
1/8 Oz-$4.05 1/4 Oz-$5.55 1/2 Oz-$7.10 1 Oz-$13.75

Low Growing Mixture – The Low Growing Seed Mixture is composed of both annuals and perennials that grow to around 16 inches tall. Perfect for beds and borders.
1/8 Oz-$2.00 1/4 Oz-$2.55 1/2 Oz-$3.10 1 Oz-$5.60

Marigold, Crackerjack – This variety blooms yellow, gold and orange. Up to 36" high. *1/8 Oz-$1.85 1/4 Oz-$2.30 1/2 Oz-$2.80 1 Oz-$4.90*

Marigold, French Petite Mixture - 12 inch tall plant with double flowers in 3 colors. *1/8 Oz-$1.95 1/4 Oz-$2.50 1/2 Oz-$3.05 1 Oz-$5.40*

Marigold, Sparky Mixture – 12 inch tall plant with bicolor yellow and orange flowers. *1/8 Oz-$1.90 1/4 Oz-$2.40 1/2 Oz-$2.90 1 Oz-$5.10*

Milkweed – The orange and yellow flowers are essential to the survival of monarch butterflies. Seeds should be cold stratified for spring planting.
1/8 Oz-$8.80 1/4 Oz-$13.10 1/2 Oz-$21.10 1 Oz-$37.25

Monarch Butterfly Mixture – A beautiful variety of flowers to attract Monarch Butterflies. This mixture is composed of native wildflowers, garden flowers and milkweeds which supply nectar sources for adult monarchs. Milkweeds are utilized for egg-laying and to provide food for monarch caterpillars.
1/8 Oz-$2.20 1/4 Oz-$2.85 1/2 Oz-$3.50 1 Oz-$6.40

Moonflower – The first time you watch a moonflower swirl open, you won't believe your eyes. Opens at night. Soak seeds for 24 hours before planting.
1/8 Oz-$1.60 1/4 Oz-$1.95 1/2 Oz-$2.35 1 Oz-$3.95

Native Perennial Mix – The Native Perennial Seed Mixture provides a long-lasting, perennial planting filled with a colorful assortment of adaptable, American native species.
1/8 Oz-$3.15 1/4 Oz-$4.25 1/2 Oz-$5.35 1 Oz-$10.25

Phlox Annual Mixture – Showy mix of pink, red, rose, purple and white flowers. In the right conditions, it will re-sow itself from year to year. Plant it in the front of the border or in wildflower mixtures.
1/8 Oz-$2.90 1/4 Oz-$3.90 1/2 Oz-$4.90 1 Oz-$9.25

Poppy, California Mixture – A colorful blend of all of the favorite varieties of California Poppy. A 6 inch tall plant with yellow, orange, red, purple and white flowers. Attracts honey bees. Easy to grow and perform best when sown directly in the garden. Hardy in USDA zones 8-10. Grow as annual in colder climates. Reseeds readily in most areas.
1/8 Oz-$2.35 1/4 Oz-$3.10 1/2 Oz-$3.80 1 Oz-$7.00

Poppy, Orange – A robust perennial that grows to 40 inches tall and produces large, **orange** flowers in late spring & early summer.
1/8 Oz-$2.25 1/4 Oz-$2.90 1/2 Oz-$3.60 1 Oz-$6.55

Poppy, Red – **Red Corn** Poppy flowers have crepe paper-like petals and are bright **red**. Useful for wildflower and pollinator seed mixtures as well as the cottage garden.
1/8 Oz-$2.50 1/4 Oz-$3.35 1/2 Oz-$4.15 1 Oz-$7.65

Shade Flower Mixture – Colorful annual and perennial mix that tolerates partial shade. Not for dense shade, 1 to 4 hours of direct sun is required.
1/8 Oz-$2.00 1/4 Oz-$2.55 1/2 Oz-$3.10 1 Oz-$5.60

Shasta Daisy – The quintessential perennial daisy is an iconic cut flower. Crisp white flowers that bloom almost anywhere.
1/8 Oz-$2.45 1/4 Oz-$3.20 1/2 Oz-$4.00 1 Oz-$7.35

Sweet Pea, Knee High – This compact "bushy" type Sweet Pea is the perfect alternative for smaller spaces with limited "climbing" access. All the color and fragrance in a nice compact form!

1/8 Oz-$3.05 1/4 Oz-$4.10 1/2 Oz-$5.15 1 Oz-$9.75

Tree Mallow, Formula Mix – This mix has lovely, hibiscus-like flowers. An easy to grow annual, it prefers full sun and moderate/moist conditions.

1/8 Oz-$1.95 1/4 Oz-$2.50 1/2 Oz-$3.05 1 Oz-$5.40

Verbena, Ideal Florist Mix – An annual that is easy to grow, attracts butterflies and bees. Start indoors or sow directly in the garden, and it does well in containers

1/8 Oz-$3.25 1/4 Oz-$4.37 1/2 Oz-$5.55 1 Oz-$10.55

Zinnia, American Mixture – Our own special flaming hot mix composed of "Canary Yellow Bird", "Cherry Queen Red" and "Orange King" Zinnia varieties. **Absolutely stunning**. Great for attracting butterflies.

1/8 Oz-$2.20 1/4 Oz-$2.85 1/2 Oz-$3.50 1 Oz-$6.40

Zinnia, California Giant Mixture – 36 inch tall plant with 4 to 5 inch double cherry, orange, pink, purple, scarlet, yellow and white flowers.

1/8 Oz-$2.05 1/4 Oz-$2.60 1/2 Oz-$3.20 1 Oz-$5.75

Zinnia, State Fair Mixture – The jumbo sized flowers come in shades of orange, pink, purple, red, white and yellow. Great for the honey bees.

1/8 Oz-$2.35 1/4 Oz-$3.10 1/2 Oz-$3.80 1 Oz-$7.00

GOURDS

Gourds will grow and spread on long vines like pumpkins. They will need plenty of room to spread. Sow directly in garden after danger of frost has past, in hills with 3 or 4 seeds, 1/2 to 1 inch deep. You can also start indoors and transplant when the outside soil temperature is warm. Seeds can also be presoaked overnight in warm water before planting.

Bird House (120 days) 9 to 11 inches in diameter by 13 to 15 inches tall. Tan, smooth shell, tapering in shape.

1/8 Oz-$2.50 1/4 Oz-$3.30 1/2 Oz-$4.10 1 Oz-$7.60

Luffa (Sponge) (130 days) 3 to 4 inches in diameter by 8 to 12 inches long. After curing, peel outside rind for sponge use.

1/8 Oz-$2.70 1/4 Oz-$3.60 1/2 Oz-$4.50 1 Oz-$8.40

Ornamental Mixed - Wide selection of colors, shapes and sizes.

1/8 Oz-$2.70 1/4 Oz-$3.60 1/2 Oz-$4.50 1 Oz-$8.40

Swan (Gooseneck) (100 days) A unique looking large gourd with a round body and a long curved neck. A small bulb at the stem end gives a good resemblance of a "swan's head". Gourds grow 14 to 18 inches long with a 6 to 8 inch diameter base.

1/8 Oz-$2.50 1/4 Oz-$3.30 1/2 Oz-$4.10 1 Oz-$7.60

HERBS & GREENS

Arugula, Roquette (35 days) Gourmet salad green that grows 12 to 30 inches high. Use peppery flavored leaves when they are young and tender. Can be grown from early spring to late fall.
1/8 Oz-$1.30 1/4 Oz-$1.55 1/2 Oz-$1.75 1 Oz-$2.80

Basil, Italian Large Leaf (Sweet) (90 days) 24 to 30 inch plant with 4 inch medium-dark green leaves with very sweet scent and taste. Basil can also be used in the garden to repel aphids, mites and tomato hornworms.
1/8 Oz-$1.65 1/4 Oz-$2.05 1/2 Oz-$2.45 1 Oz-$4.20

Basil, Purple Dark Opal (90 days) Deep color makes this one extra flavorful, rich, and sweet. The fragrant deep-violet foliage will accent your floral designs with drama and perfume.
1/8 Oz-$2.90 1/4 Oz-$3.90 1/2 Oz-$4.90 1 Oz-$9.20

Catnip A hardy perennial herb plant that grows 24 to 36 inches tall and produces vibrant green leaves with small white flowers. Most cats cannot resist this herb and the leaves are also a great additive for tea.
1/8 Oz-$2.10 1/4 Oz-$2.70 1/2 Oz-$3.30 1 Oz-$6.00

Chives Produces clumps of upright, hollow leaves and showy pink-lavender flowers. This herb provides a mild onion-garlic flavor to you dishes. A perennial in zones 4 and above. Use fresh, dried or frozen.
1/8 Oz-$2.20 1/4 Oz-$2.90 1/2 Oz-$3.55 1 Oz-$6.50

Coriander (Cilantro) (45 days) Plant produces very flavorful leaves. Will grow 24 inches tall, but best when picked much shorter. An indispensable ingredient in salsa and soups.
1/8 Oz-$1.30 1/4 Oz-$1.55 1/2 Oz-$1.80 1 Oz-$2.85

Cress, Curled (Peppergrass) (10 days) Plants are 8 inches tall with dark green finely cut curled leaves. A slow bolting garden or container cress. Add a zesty, spicy, tangy, peppery flavor to salads, sandwiches or soups.
1/4 Oz-$1.55 1/2 Oz-$1.80 1 Oz-$2.85 1/4 Lb-$5.55

Cress, Upland (45 days) Medium green leaves are similar to water cress. Plants are dwarf and adapted to upland growth. Excellent in salads and garnishing. *1/4 Oz-$1.65 1/2 Oz-$1.90 1 Oz-$3.10 1/4 Lb-$6.25*

Cumin (120 days) Cumin is well-loved herb around the world for adding a warm, earthy taste to dishes.
1/8 Oz-$1.70 1/4 Oz-$2.10 1/2 Oz-$2.55 1 Oz-$4.40

Dill, Long Island Mammoth (70 days) Plants grow 2 to 2-1/2 feet tall, very fine leaves, vigorous grower. Very flat, brown seeds. Flower heads and partially matured seed clusters used for flavoring pickles and kraut.
1/8 Oz-$1.40 1/4 Oz-$1.65 1/2 Oz-$1.90 1 Oz-$3.10

Oregano (Vulgare) Plant produces very flavorful dark green leaves. An essential ingredient in pizza, fish and Italian dishes.
1/8 Oz-$4.30 1/4 Oz-$5.95 1/2 Oz-$7.60 1 Oz-$14.85

Thyme A culinary staple for any style of cooking! Thyme is happy to grow in containers or in garden beds. Great for rock gardens!
1/8 Oz-$3.90 1/4 Oz-$5.35 1/2 Oz-$6.80 1 Oz-$13.20

KALE

1/4 ounce plants 100 foot row and feeds a family of five.
Kale survives best in cool weather. Plant in early spring or in August or Sept. for a fall crop.

Blue Curled Vates (55 days) Plant is 12-14 inches tall, tightly curled, dark blue-green in color. Shows tolerance in cold weather against yellowing.
1/4 Oz-$1.65 1/2 Oz-$1.90 1 Oz-$3.10 1/4 Lb-$6.25

Early Curled Siberian (55 days) Dwarf, spreading plant that grows rapidly and matures early. Large green leaves are curled at ends. Very hardy.
1/4 Oz-$1.45 1/2 Oz-$1.65 1 Oz-$2.55 1/4 Lb-$4.85

Lacinato (62 days) High yielding heirloom plants have deep blue-green or forest green savoyed leaves that grow to 3 inches wide by 18 inches long, but best eaten when 8 to 10 inches long. The excellent flavor is enhanced by frost. *1/4 Oz-$1.95 1/2 Oz-$2.30 1 Oz-$3.90 1/4 Lb-$9.10*

Red Russian (50 days) Purple stems with deep grey-green leaves and purple veins. Very tender leaves are flat and tooth-edged.
1/4 Oz-$1.75 1/2 Oz-$2.05 1 Oz-$3.40 1/4 Lb-$7.50

KOHLRABI

1/4 ounce sows a 100 foot row and feeds a family of five.
Sow 4 to 8 inches apart in rows 15 to 24 inches apart. Can be planted from March to May.

Early Purple Vienna (60 days) Medium green plant. Bulbs are reddish purple with tender white flesh and a mild sweet flavor.
1/8 Oz-$1.40 1/4 Oz-$1.70 1/2 Oz-$2.00 1 Oz-$3.25

Early White Vienna (55 days) Medium green plant. Bulbs have a pale green skin with tender white flesh. Very early.
1/8 Oz-$1.40 1/4 Oz-$1.70 1/2 Oz-$2.00 1 Oz-$3.25

LETTUCE - LOOSE LEAVED VARIETIES

1/2 ounce plants 100 foot row and feeds a family of five.

Lettuce can be planted anytime from March to September. For an early crop, start in cold frames and transplant.

Black Seeded Simpson (44 days) Large, upright, compact with light green, frilled and crimpled leaves. Crisp interior. A popular and dependable home and market variety.

1/8 Oz-$1.55 1/2 Oz-$2.20 1 Oz-$3.75 1/4 Lb-$8.55

Grand Rapids (45 days) Large, erect and compact, leaves bright green, broad with waved, curled and heavily fringed edges. Hardy and disease resistant. Popular for home and market use.

1/8 Oz-$1.45 1/2 Oz-$2.05 1 Oz-$3.40 1/4 Lb-$7.30

Loose Leaf Salad Mix A special blend of our most popular loose leaf lettuces - a complete salad in one.

1/8 Oz-$1.65 1/2 Oz-$2.50 1 Oz-$4.30 1/4 Lb-$10.30

Mesclun Salad Mix A special blend of arugula, leafy lettuces, mustard greens, endive, mizuna and kale - a complete salad in one.

1/8 Oz-$1.70 1/2 Oz-$2.50 1 Oz-$4.25 1/4 Lb-$10.00

Oakleaf (40-45 days) Medium to large medium green leaves. Thin oak leaf shaped leaves are slow to bolt. Succulent & tender.

1/8 Oz-$1.45 1/2 Oz-$2.05 1 Oz-$3.40 1/4 Lb-$7.50

Red Sails (45 days) Slowest bolting red leaf. Deep bronze-red variety with a large frame that was an All American Winner for 1985. A loose-headed, vigorous early producer with good flavor and good appearance. Taste stays mild for a long time without bitterness.

1/8 Oz-$2.30 1/2 Oz-$3.70 1 Oz-$6.80 1/4 Lb-$18.60

Romaine, Paris Island COS (72 days) Tall, erect, very uniform variety with excellent vigor. Hearts blanch white and are crisp, mild and sweet flavored.

1/8 Oz-$1.45 1/2 Oz-$2.05 1 Oz-$3.40 1/4 Lb-$7.30

Romaine, Red (66-70 days) Tart gourmet variety. Color varies from green to deep red to bronze. Dark color develops best in cool weather.

1/8 Oz-$1.45 1/2 Oz-$2.05 1 Oz-$3.40 1/4 Lb-$7.50

Salad Bowl, Green (50 days) An All-American Gold Metal Award-1952. Similar in appearance to Oak Leaf except leaves are lighter green and more deeply lobed and frilled. Stands heat better than Oak Leaf and slower to bolt.

1/8 Oz-$1.45 1/2 Oz-$2.05 1 Oz-$3.40 1/4 Lb-$7.50

Salad Bowl, Red (46 days) A wine-red version of salad bowl. Compact bronze-red rosettes with crisp, sweet, crunchy oak-like leaves. Matures early, holds its mild, non-bitter quality for a long time, and is slow to bolt.

1/8 Oz-$1.50 1/2 Oz-$2.15 1 Oz-$3.55 1/4 Lb-$7.80

Spring/Spinach Salad Mix A special blend of spinach, leafy lettuces, mustard greens, romaine and arugula - a complete salad in one.
1/8 Oz-$1.55 1/2 Oz-$2.25 1 Oz-$3.80 1/4 Lb-$8.70

LETTUCE - HEADING VARIETIES

Buttercrunch (66 days) All-American Silver Metal Award-1963. Very similar to Bibb except slightly larger. More heat tolerant and slower to bolt than Bibb.
1/8 Oz-$1.45 1/2 Oz-$2.05 1 Oz-$3.40 1/4 Lb-$7.30

Great Lakes (90 days) The number one variety of head lettuce planted by the home gardener. It forms a tight round head surrounded be large medium green outer leaves. The crisp light colored inner leaves are quite tender and excellent table quality. Hearty type with good cold tolerance.
1/8 Oz-$1.95 1/2 Oz-$3.00 1 Oz-$5.35 1/4 Lb-13.85

Iceberg (82 days) This variety has a large compact head with light green leaves tightly folded and crinkled, tinged with brown, crisp white interior. A popular home garden variety.
1/8 Oz-$1.45 1/2 Oz-$2.05 1 Oz-$3.40 1/4 Lb-$7.30

MUSTARD

1 ounce plants 100 foot row and feeds a family of five.
Plants should be thinned to 4 or 5 per foot in rows planted 12 to 18" apart. Can be planted March to May or in September for a fall crop.

Florida Broadleaf (50 days) Large semi-upright spreading leafy plants. Round and oval serrated dark green leaves. Cream colored midribs.
1/8 Oz-$1.25 1/2 Oz-$1.75 1 Oz-$2.75 1/4 Lb-$5.40

Green Wave (50 days) Large upright plant with very dark, spineless, deeply frilled and finely cut leaves. Slow to bolt. Spicy hot flavor when raw, but very mild when cooked. Variety most often seen in the supermarket.
1/8 Oz-$1.40 1/2 Oz-$1.90 1 Oz-$3.10 1/4 Lb-$6.25

Mizuna (40 days) Thin stalks with deep green and deeply cut fringed narrow leaves. Quickly regrows after cutting and will produce for several weeks. Mild and delicate, sweet flavor compliments any fresh salad.
1/8 Oz-$1.35 1/2 Oz-$1.90 1 Oz-$3.10 1/4 Lb-$6.45

Southern Giant Curled (40-45 days) All-American Gold Metal Award-1935. Plant attains height of about 10 inches. Leaves are large and long; very curly on edges, crumpled surface, bright green in color, mild flavor. Seeds are a reddish-brown. Popular for greens, attractive bunching variety.
1/8 Oz-$1.25 1/2 Oz-$1.75 1 Oz-$2.75 1/4 Lb-$5.40

1/8 Oz-$1.35 1/2 Oz-$1.90 1 Oz-$3.10 1/4 Lb-$6.45

OKRA or GUMBO

1 ounce plants 100 foot row and feeds a family of five.
Plant in May or June about 1" deep, 24" spacing in rows 3 to 4 feet apart.

Clemson Spineless (55 days) Plants are erect and 3-1/2 to 4 feet tall. The medium green pods are 6 to 7" long, straight, slim, tapered, ridged and spineless. *1/4 Oz-$1.45 1/2 Oz-$1.65 1 Oz-$2.55 1/4 Lb-$4.85*

Perkins Long Pod (55 days) Very productive 5 foot tall strong plants produce bright green 8 inch long slightly grooved pods that don't get hard.
1/4 Oz-$1.55 1/2 Oz-$1.80 1 Oz-$2.90 1/4 Lb-$5.90

Red Burgundy (55 days) Stunning magenta pods on emerald foliage grow up to an impressive 8 inches long.
1/4 Oz-$1.55 1/2 Oz-$1.80 1 Oz-$2.90 1/4 Lb-$5.90

ONION SEED

1 ounce plants 100 foot row and feeds a family of five.
Plant in April or May about 2" deep, about 2" apart in rows 12 to 18" apart.

Large American Flag Leek (120 days) Onion relative with mild sweet flavor. Pearl-white stems are 10 to 15 inches long and 2 to 3 inches round.
1/8 Oz-$1.80 1/4 Oz-$2.30 1/2 Oz-$2.80 1 Oz-$4.90

Long White Bunching (65 days) A non-bulbing perennial onion. Produces clusters of silvery white stalks often 6 inches long and 1/2 to 3/4 inches in diameter. Sow in spring for a summer crop or fall for over wintering.
1/8 Oz-$2.10 1/4 Oz-$2.70 1/2 Oz-$3.30 1 Oz-$6.00

Red Burgundy (110 days) Medium flat size bulb. Very dark-red skin and soft white flesh with bright red rings. Very mild and sweet slicing onion.
1/8 Oz-$2.30 1/4 Oz-$3.00 1/2 Oz-$3.70 1 Oz-$6.80

Sweet Spanish White (110 days) Skin and flesh are both white. Largest of the white varieties.
1/8 Oz-$2.50 1/4 Oz-$3.30 1/2 Oz-$4.10 1 Oz-$7.60

Sweet Spanish Yellow (110 days) Large globular yellow brown skinned bulb. Creamy white flesh has a mild, pungent, sweet juicy flavor. Stores well. *1/8 Oz-$2.10 1/4 Oz-$2.70 1/2 Oz-$3.30 1 Oz-$6.00*

Walla Walla (125 days) Very mild sweet onion, especially if allowed to winter over. Sow seed in late August and harvest the following summer. Best if used soon after harvest as it does not store well.
1/8 Oz-$4.30 1/4 Oz-$5.95 1/2 Oz-$7.60 1 Oz-$14.85

ONION SETS, GARLIC & SHALLOT BULBS

2 pounds of sets plants a 50 foot row and feeds a family of five.
Plant from March 15 to May 1 about 1" deep, 2" apart in rows 12 to 18" apart.

California Garlic Bulbs – Early soft-neck type. Grow your own and have fresh cloves right out of your garden. Mature bulbs store like onions and will winter over in the garden with a little protective cover. Cloves should be planted individually.
1 Lb-$5.25 2-1/2 Lb-$12.85 5 Lb-$25.65 30 Lb-$141.55

Globe Sets – Bottle shaped, yellowish brown skin with firm white flesh.
1 Lb-$1.90 2-1/2 Lb-$4.50 5 Lb-$8.85 32 Lb-$43.60

Red Sets – Whethersfield type with strong flavor. Good slicing onion with red skin and red and white flesh.
1 Lb-$1.90 2-1/2 Lb-$4.50 5 Lb-$8.85 32 Lb-$43.60

Shallots Bulbs – Red Sun variety that has a red to copper outer shell with white flesh. This mild onion-flavored delicacy multiplies from a single bulb to produce clusters of edible gourmet bulbs. 90 to 120 day maturity.
1 Lb-$4.10 2-1/2 Lb-$10.00 5 Lb-$19.85 32 Lb-$113.90

Stuttgarter Sets (Domestic) - Skin is bronze and flesh is sweet and delicious. Very good keepers.
1 Lb-$1.90 2-1/2 Lb-$4.55 5 Lb-$9.00 32 Lb-$44.60

Stuttgarter Sets (Imported) - Skin is shiny bronze and flesh is sweet and delicious. The best keepers.
1 Lb-$2.60 2-1/2 Lb-$6.30 5 Lb-$12.50 44 Lb-$91.50

Super Sweet Sets – Incredibly sweet and mild, yet still deliver great onion flavor. Intermediate day variety produces an earlier and bigger bulb. Much like a “Candy”, but stores better.
1 Lb-$3.50 2-1/2 Lb-$8.55 5 Lb-$16.95 10 Lb-$33.80

White Sets – Ebenezer type. White onions with a mild sweet flavor.
1 Lb-$1.90 2-1/2 Lb-$4.50 5 Lb-$8.85 32 Lb-$43.60

Yellow Sets - Yellowish brown skin with firm white flesh and strong flavor. Good keeper.
1 Lb-$1.90 2-1/2 Lb-$4.50 5 Lb-$8.85 32 Lb-$43.60

PARSLEY

1/4 ounce sows a 100 foot row and feeds a family of five.
Plant about 1/8" deep in early Spring about 3" apart in rows 12 to 18" apart.

Plain (70 days) Leaf is plain, flat and deeply cut. Medium-green in color. Flavor is more pronounced than curled varieties and preferred by many cooks. Excellent for flavoring.
1/8 Oz-$1.40 1/4 Oz-$1.65 1/2 Oz-$1.90 1 Oz-$3.00

Triple Curled (70 days) Finely cut, dark green leaves, used for garnishing and flavoring. Grows about 8 inches high.
1/8 Oz-$1.30 1/4 Oz-$1.55 1/2 Oz-$1.75 1 Oz-$2.75

PARSNIPS

1/2 ounce sows a 100 foot row and feeds a family of five.
Plant in March or April in rows 18 to 24" apart. Thin plants to about 3" apart in the row. Since freezing improves quality, part of the crop can be left in ground and used through the winter.

Harris Model (120 days) Smooth white tapered roots are longer and slimmer than Hollow Crown. Remarkable free of side roots and very tender.
1/8 Oz-$1.30 1/2 Oz-$1.80 1 Oz-$2.90 1/4 Lb-$5.90

Hollow Crown (120 days) Very good quality and very tender. White roots are tapered 12 inches long and 2 – 1/2 inches thick at shoulder.
1/8 Oz-$1.30 1/2 Oz-$1.80 1 Oz-$2.90 1/4 Lb-$5.90

PEANUTS

1 pound sows 75 feet. Plant after all danger of frost has past,1" deep, 8" apart in rows 24" apart.

Bailey (150 days) High yielding medium to large Virginia-type peanut with very good disease resistance. Treated seed is hulled.
2 Oz-2.45 1/4 Lb-$3.90 1/2 Lb-$5.50 1 Lb-$9.00 5 Lb-$36.15

HULL PEAS

2 pounds sows a 100 foot row and feeds a family of five.
Sow in early spring as soon as the soil can be prepared. Sow 1 to 2 inches apart in rows spaced 24 inches apart. Seed inoculant is recommended for increased yields.

Alaska Extra Early (50 - 55 days) Excellent emergence in cold soils and cold hardy with heavy yields. Vines are 26 to 36 inches tall bearing 2.5 to 3 inch long pods containing 5 to 8 peas. Tasty but not overly sweet.
2 Oz-$2.40 1/4 Lb-$3.75 1/2 Lb-$5.25 1 Lb-$8.50 5 Lb-$34.00

Seed Inoculant recommended for increased yields. Each pack covers up to 8 lbs of beans or garden peas. (*Shipping Weight: 2 oz.) $4.95 per pack.*

Bolero (66 days) Very high yielding pea with high sugar content. The 28 to 30 inch bush produces double 3 inch pods with 7 to 9 peas. Best disease tolerance. Treated seed.
2 Oz-$2.60 1/4 Lb-$3.95 1/2 Lb-$5.45 1 Lb-$8.80 5 Lb-$34.25

Early Frosty (64 days) Vines are 28" tall bearing many sets of double pods. Pods are 3-1/2" long, dark green and blunt. Seed is medium to large and wrinkled. Wilt resistant.
2 Oz-$2.40 1/4 Lb-$3.75 1/2 Lb-$5.25 1 Lb-$8.55 5 Lb-$34.00

Green Arrow (70 days) Plants are 26 to 28 inch vines. Straight and pointed pods are 4 inches long with 9 to 11 bright green wrinkled peas.
2 Oz-$2.40 1/4 Lb-$3.75 1/2 Lb-$5.25 1 Lb-$8.55 5 Lb-$34.00

Knight (61 days) An exciting improvement over Laxton's Progress No. 9 type. Pods are slightly narrower, but contain more peas per pod and a higher number of pods per plant because of more double pods at each nod on the plants. This combination results in a distinct yield improvement - without sacrificing flavor or quality. (Treated seed)
2 Oz-$2.40 1/4 Lb-$3.75 1/2 Lb-$5.25 1 Lb-$8.55 5 Lb-$34.00

Laxton's Progress No. 9 (60-62 days) Vines are 14 to 16" tall, dark green and prolific. Pods are 4-1/2" long, glossy dark green, slightly curved, plump, pointed having 7 to 9 peas per pod. Seeds are apple green and cream in color, large, flattened and wrinkled. A good all-purpose variety.
2 Oz-$2.40 1/4 Lb-$3.75 1/2 Lb-$5.25 1 Lb-$8.55 5 Lb-$34.00

Lincoln (67 days) High yielding, heat tolerant 24 to 30 inch vines. Pods are 3 to 5 inches with 8 to 9 sweet tender peas.
2 Oz-$2.40 1/4 Lb-$3.75 1/2 Lb-$5.25 1 Lb-$8.55 5 Lb-$34.00

Little Marvel (62 days) Vines are 15 to 17" tall, dark green, sturdy heavy foliage productive. Pods are 3" long, dark green, mostly double, very plump, straight, blunt, very tightly packed with 6 to 8 sweet and tender peas. Seeds are medium green, wrinkled, square to blocky in shape.
2 Oz-$2.40 1/4 Lb-$3.75 1/2 Lb-$5.25 1 Lb-$8.55 5 Lb-$34.00

Mr Big (68 days) Large pods and high yields on medium-sized, 26″ – 30″ vine. Pods are 5″ long and have 8 – 10 **peas** inside. Often 2 pods per node.
2 Oz-$2.55 1/4 Lb-$4.10 1/2 Lb-$5.80 1 Lb-$9.60 5 Lb-$38.75

Spring (52 days) The earliest pea. An excellent variety for home and market gardeners, shipping, canning and freezing. (Treated seed)
2 Oz-$2.50 1/4 Lb-$4.00 1/2 Lb-$5.70 1 Lb-$9.35 5 Lb-$37.85

Wando (70 days) The "hot weather pea" because it is more tolerant to heat than other varieties. Vines are 28 to 30" tall, upright, dark green with small size leaves. Pods are 2-1/2 to 3" long, dark green, straight, blunt, borne both singly and in pairs. Each pod contains 8 to 10 good quality, dark green and wrinkled peas. Generally used for home gardens and freezing.
2 Oz-$2.40 1/4 Lb-$3.75 1/2 Lb-$5.25 1 Lb-$8.55 5 Lb-$34.00

SNAP PEAS

Sugar Ann (58 days) The earliest and shortest of the snap peas. It is related to Sugar Snap and carries all of the pod characteristics of Sugar Snap, which means delicious eating, raw or cooked. It is just as sweet, and has the added advantage of having a compact 18" high bush habit.

2 Oz-$2.45 1/4 Lb-$3.95 1/2 Lb-$5.60 1 Lb-$9.25 5 Lb-$37.20

Sugar Snap (70 days) A new class of whole-pod pea. The pods are edible when fully mature. Delicious and sweet when eaten raw in salads, or cooked like snow peas. Can also be shelled. Vigorous vines 6 feet or more tall. Resistant to pea wilt.

2 Oz-$2.50 1/4 Lb-$4.05 1/2 Lb-$5.75 1 Lb-$9.45 5 Lb-$38.25

Super Sugar Snap (70 days) An improved earlier selection of the popular sugar snap pea. Pea pods are plumper and more numerous. It is more disease resistant, making it more suitable for later planting. Delicious eaten fresh out of the garden in salads, for dips, steamed or stir-fried.

2 Oz-$2.50 1/4 Lb-$3.95 1/2 Lb-$5.60 1 Lb-$9.25 5 Lb-$33.55

SUGAR PEAS - EDIBLE PODS

Dwarf Gray Sugar (65 days) Vines are 26 to 30" tall, heavily branched, purple blossoms, very productive. Pods are 3" long, light green, curved and indented between the peas; semi-pointed and borne in clusters at tip of vine. Seeds are mottled reddish-gray, small and round.

2 Oz-$2.40 1/4 Lb-$3.75 1/2 Lb-$5.25 1 Lb-$8.55 5 Lb-$34.00

Mammoth Melting Sugar (74 days) Vines are about 54" tall. Pods are 5" long, broad, flat, fleshy and free from strings. About 8 to 10 peas per pod. Seeds are large, round and a creamy white color.

2 Oz-$2.35 1/4 Lb-$3.75 1/2 Lb-$5.25 1 Lb-$8.55 5 Lb-$34.00

Oregon Sugar Pod II (55-60 days) Vines vary from 14 to 30" tall. Pods are 4" long by 7/8" round, highly resistant to Enation Mosaic Virus and moderately resistant to Pea Streak Virus, resistant to Fusarium Pea Wilt.

2 Oz-$2.20 1/4 Lb-$3.55 1/2 Lb-$5.05 1 Lb-$8.35 5 Lb-$34.00

Sugar Daddy (65 days) The first truly stringless edible podded **pea**. 3" deep green pods on 24" vines. Resists powdery mildew and **pea** leaf roll virus

2 Oz-$2.45 1/4 Lb-$3.95 1/2 Lb-$5.60 1 Lb-$9.25 5 Lb-$37.20

Seed Inoculant recommended for increased yields. Each pack covers up to 8 lbs of beans or garden peas. (*Shipping Weight: 2 oz.) $4.95 per pack.*

PEPPERS

1/8 ounce sows a 100 foot row and feeds a family of five.
Seed should be planted in cold frames 4 to 6 weeks prior to transplanting in May or June. Set plants 15 to 20" apart in rows 24 to 18" apart.

Banana, Sweet (72 days) Mild 6 to 7 inch long tapered fruits are 1-1/2 inches wide at top. Yellow fruit turns brilliant red.
1/8 Oz-$3.50 1/4 Oz-$4.80 1/2 Oz-$6.05 1 Oz-$11.60

California Wonder (72-75 days) Sweet. Plants are 24 to 26 inches tall, dark green, stocky, good producer. Fruit is about 4-1/2 inches long by 3-1/2 inches in diameter, blocky, mostly 4-lobed, thick walls, glossy green becoming scarlet at maturity. The sweet and mild flavor makes it popular for home and market garden use.
1/8 Oz-$2.70 1/4 Oz-$3.60 1/2 Oz-$4.50 1 Oz-$8.40

Cayenne, Long Red, Thin (75 days) Hot fruit is irregular and wrinkled, 5 inches long by 1/2 inches in diameter. Turns fiery red at maturity.
1/8 Oz-$3.10 1/4 Oz-$4.20 1/2 Oz-$5.25 1 Oz-$10.00

Gold CalWonder (72 days) Very large, blocky peppers measuring 5 inches long by 4 inches in diameter, are smooth and glossy. Turn a rich golden yellow at maturity. Excellent for home or market.
1/8 Oz-$4.10 1/4 Oz-$5.65 1/2 Oz-$7.20 1 Oz-$14.00

Habanero Orange (95 days) The hottest open pollinated pepper available. Fruit is 1 inch by 2 inches, wrinkled, lantern shaped and matures to a golden orange. Use in sauces and for oil extract.
1/8 Oz-$9.35 1/4 Oz-$13.30 1/2 Oz-$17.20 1 Oz-$34.40

Hungarian Hot Wax (70 days) Fairly hot 8 inch long tapered fruits. Canary yellow turning bright red when ripe.
1/8 Oz-$3.10 1/4 Oz-$4.20 1/2 Oz-$5.25 1 Oz-$10.00

Jalapeno Tam, Hot (75 days) Very popular hot pepper. Fruit is dark green and turns red at maturity. Use fresh or in hot pepper jelly.
1/8 Oz-$3.10 1/4 Oz-$4.20 1/2 Oz-$5.25 1 Oz-$10.00

Italian Pepperoncini (75) A perfect mild pepper that tastes amazing fresh or in cooked meals, as well as a perfect pickling pepper!
1/8 Oz-$7.10 1/4 Oz-$10.10 1/2 Oz-$13.05 1 Oz-$26.05

Rainbow Bell Mix (75 days) Mix of Red, Yellow, Green, Purple & Orange full size Bell Peppers.
1/8 Oz-$7.10 1/4 Oz-$10.10 1/2 Oz-$13.05 1 Oz-$26.05

Rainbow Mini Bell Mix (60 days) A beautiful mix of red, yellow and chocolate Mini Bell Peppers.
25 seeds- $4.10 1/8 Oz-$11.65 1/4 Oz-$16.55 1/2 Oz-$21.40

POPCORN

One pound plants four, 100 foot rows.

Plant after last frost. Sow seeds 1 inch deep, 4 inches apart in rows 30 inches apart. Thin plants to 8 - 12 inches apart. Plant in blocks of 4 rows to assure proper pollination. Do not plant close to sweet corn.

Carousel (110 days) Open pollinated variety that produces 3.5 inch long miniature ears of popcorn. Some ears are solid red, the others are multi colored: white, yellow and blue. When popped the flakes are crispy with very little hull. Plants are up to 8 feet tall with 2 or 3 ears per plant.
2 Oz-$4.80 1/4 Lb-$7.75 1/2 Lb-$13.45 1 Lb-$21.75 5 Lb-$101.75

Purdue 410 (100 days) Largest of our popcorns, with huge, tender **kernels** of a rich buttery yellow. Nearly hulless. Robust stalks sport long ears.
2 Oz-$3.10 1/4 Lb-$4.70 1/2 Lb-$8.00 1 Lb-$12.65 5 Lb-$58.00

Robust 400MR (103 days) A superior yellow *mushroom* hybrid with excellent plant health and one of the highest yield potentials. The tight round pop is solely for toppings, such as cheese, caramel or kettle popcorn.
250 seed-$5.10 500 seed-$7.75 1m-$12.95 2m-$22.10 5m-$48.20

Robust 98114W (102 days) This *white* hybrid is taller, higher yielding, has a larger ear and kernel, later maturing and higher expansion than R21-82W. The large *white* flakes are tender and nearly hulless.
Seed Count: m = 1,000 seeds
250 Seeds-$4.05 500 Seeds-$5.90 1m-$9.70 2m-$16.35 5m-$35.30

Robust 997 (115 days) This *yellow* hybrid is truly Robust. Its tremendous vigor is apparent in its rapid emergence, sturdy plant development and large ears. The deep kernels shell easily, minimizing field damage. Flakes are large and tender for a large grain. The outstanding features of this hybrid are high yield, high expansion and drought tolerant.
250 seed-$3.95 500 seed-$5.80 1m-$9.50 2m-$15.95 5m-$34.40

Ruby Red (95 days) Sturdy single stalk plants produce 7 inch ears with glossy, burgundy-red kernels on a red cob. Although it is early maturing, it yields well. Flakes are small and crispy with a nutty flavor.
250 seed-$5.90 500 seed-$9.15 1m-$15.40 2m-$26.45 5m-$58.00

Shaman's Blue (100 days) Has the stalk quality and yield potential to compete with the best mid-season hybrids. The kernel color is a dark lavender on white endosperm, so the flake is white. The corn has delightful eating quality with subtle sweetness and savory flavor.
250 seed-$5.95 500 seed-$9.15 1m-$15.40 2m-$26.50 5m-$58.10

CERTIFIED SEED POTATOES

5 pounds sows a 50 foot row.

Cut potatoes so that each cutting has at least one eye. After danger of frost has past, set the cut pieces, cut side down and eye up, 4 inches deep, 12 inches apart in rows 3 feet apart.

Adirondack Blue (Mid Season) The skin and flesh of this potato is a beautiful bright violet blue. A real conversation piece. Tubers are oblong, shallow eyes and small to medium size, heavy set and excellent yield. Tastes like regular potatoes. *5 Lb.-$6.50 10 Lb.-$10.30 50 Lb.-$39.95*

Banana (Long Season) A yellow fleshed fingerling type potato with high tuber set. Tubers are banana shaped and small, but there are lots of them. Excellent table variety. Good storability.
5 Lb.-$13.30 10 Lb.-$25.70 50 Lb.-$118.95

Caribou Russet (Mid Season) A dual-purpose, **russet**-skinned variety with high yields, and moderate common scab resistance. Good for baking, mashing, or grilling.
5 Lb.-$5.65 10 Lb.-$9.10 50 Lb.-$31.95

Chiefton (Mid Season) Bright red skin with shallow to medium eyes and white flesh. Round oval shaped. Has good color after boiling. Higher yielder than red norland. Fair storability.
5 Lb.-$5.65 10 Lb.-$9.10 50 Lb.-$31.95

Eva (Mid Season) Medium sized round tubers with very bright blemish-free skin and are almost free from pick-outs and internal defects. Excellent table variety and excellent storability.
5 Lb.-$5.65 10 Lb.-$9.10 50 Lb.-$31.95

French Fingerling (Mid Long Season) Rose-pink skin with a waxy yellow flesh splashed with red. Larger than banana and more oval shaped and not as slender. Gourmet quality flavor and texture. Good storability.
5 Lb.-$13.30 10 Lb.-$25.70 50 Lb.-$118.95

Gold Rush (Mid Season) A russet potato with long oblong tubers, heavily russeted skin and intermediate to shallow eyes. A high yielder with resistance to hollow heart. Excellent boiling or baking and good french fry quality. Good storability.
5 Lb.-$5.65 10 Lb.-$9.10 50 Lb.-$31.95

Katahdin (Late Season) Tubers are round with shallow eyes, smooth buff skin and white flesh. Very good table stock. Moderately high yielder. Drought tolerant. Good storability.
5 Lb.-$5.65 10 Lb.-$9.10 50 Lb.-$31.95

Kennebec (Mid Season) This is our best selling potato by far. Smooth buff skin with white flesh. Elliptical to oblong shaped. High yielder. An excellent table and good chipping variety. Plants are very large with white flowers. Good storability.
5 Lb.-$5.65 10 Lb.-$9.10 50 Lb.-$31.95

Keuka Gold (Mid Season) Developed by Cornell University as a replacement for Yukon Gold. Yellowish buff, finely flaked skin and light yellow flesh and eating qualities similar to Yukon Gold. Round to oblong, slightly flattened shaped. High yielder. An excellent boiling and baking variety. White flowers on a strong vine. Excellent storability.
5 Lb.-$5.65 10 Lb.-$9.10 50 Lb.-$31.95

Lehigh (Mid-Late Season) Smooth netted buff colored skin with pale yellow flesh. Round to oblong shaped with shallow eyes. High yielding. Excellent keeper. *5 Lb.-$5.65 10 Lb.-$9.10 50 Lb.-$31.95*

Reba (Mid-Late Season) Smooth bright white to buff skin with white flesh. Round to oval shaped. High-yielding! Excellent eating quality and Ideal for baking, mashing and chipping. Very good disease resistance and good storability. *5 Lb-$5.65 10 Lb-$9.10 50 Lb-$31.95*

Red Norland (Early Mid Season) Smooth red skin with white flesh. Medium oblong shaped with shallow eyes. Good yielder and low specific gravity. Early fresh market and home gardens with fair cooking quality. Good storability. *5 Lb.-$5.65 10 Lb.-$9.10 50 Lb.-$31.95*

Red Pontiac (Mid Season) Our most popular red-skinned variety. Dark red, smooth or sometimes netted skin with white flesh. Oblong to round shaped with deep eyes. Drought tolerant. High yielder. Fair boiling and baking quality. Good storability.
5 Lb.-$5.65 10 Lb.-$9.10 50 Lb.-$31.95

Russet Burbank (Long Season) Russeted and heavily netted skin with white flesh. Long tuber shaped. High yielder. Good boiling and excellent baking and french fry quality. Good storability.
5 Lb.-$5.65 10 Lb.-$9.10 50 Lb.-$31.95

Superior (Early Mid Season) Improved cobbler-type potato. Round-oblong shaped potato with medium shallow eyes. Buff lightly flaky russet skin with white flesh. Medium yield and specific gravity. Excellent boiling and baking variety. *5 Lb.-$5.65 10 Lb.-$9.10 50 Lb.-$31.95*

Yukon Gold (Mid Season) Our most popular yellow-skinned potato and possibly the best all-purpose eating potato grown today. Yellowish-buff, finely flaked skin with light yellow flesh. Oval shaped. High yielder. Excellent boiling and baking variety. Excellent storability. Our personal favorite. *5 Lb.-$5.65 10 Lb.-$9.10 50 Lb.-$31.95*

PUMPKINS

2 ounces sows a 100 foot row.
Sow May to July, 84 to 108 inches apart in rows 8 to 12 feet apart.

Atlantic Giant (120 days) The largest pumpkin with huge fruits up to 400 pounds. Impressive for display or harvest shows. A real crowd pleaser. Requires lots of space, water and nutrients.
1/4 Oz-$4.20 1/2 Oz-$5.25 1 Oz-$10.00 1/4 Lb-$29.15 1 Lb-$89.20

Big Max (120 days) A very large pumpkin averaging 17 inches in diameter. When properly grown, will often reach a weight of 100 pounds or more. Skin is red-orange in color and slightly rough. Can be used for pies or Jack O'Lantern, however, primarily used for large pumpkin competition.
1/4 Oz-$2.25 1/2 Oz-$2.70 1 Oz-$4.70 1/4 Lb-$11.75 1 Lb-$34.20

Cinderella (110 days) This classic Heirloom Pumpkin is as traditional as they come! Smooth orange skin and flattened shape, this pumpkin is great for a decoration or a delicious pie!
1/4 Oz-$2.70 1/2 Oz-$3.30 1 Oz-$6.00 1/4 Lb-$15.95 1 Lb-$47.55

Connecticut Field, Big Tom or Large Yellow (115 days) Fruits 10 to 14" deep by 14" in diameter, large, weighing 15 to 25 pounds. Orange-yellow, smooth, slightly ribbed. Flesh is orange-yellow, thick, coarse and sweet. A standard cornfield variety used for canning and stock feeding.
1/4 Oz-$1.85 1/2 Oz-$2.20 1 Oz-$3.75 1/4 Lb-$8.55 1 Lb-$24.20

Cushaw, Green Striped (115 days) A cream colored long necked fruit with green variegated stripes. Flesh is cream colored and makes a very good pie. Heavy yielder. Good winter keeper
1/4 Oz-$2.00 1/2 Oz-$2.40 1 Oz-$4.05 1/4 Lb-$9.40 1 Lb-$26.70

Howden (115 days) Ideal Halloween pumpkin that is symmetrical in shape and a deep orange color. Skin is hard and ridged with a solid thick flesh. Our best selling pumpkin, by far. Good keeper. 20-25 Pounds.
1/4 Oz-$2.10 1/2 Oz-$2.55 1 Oz-$4.40 1/4 Lb-$10.70 1 Lb-$30.85

Jack Be Little (110 days) A new miniature pumpkin that only grows approximately 2" tall and 3" in diameter. Has the appearance of a deeply ribbed, old-fashioned pumpkin. If fully cured on the vine, this ornamental pumpkin has a shelf life of almost a year.
1/4 Oz-$2.70 1/2 Oz-$3.30 1 Oz-$6.00 1/4 Lb-$15.95 1 Lb-$47.55

Jack O'Lantern (100 days) Fruit is round measuring 12 to 18" tall, smooth, medium orange in color. Flesh is orange-yellow and thick. Great for carving.
1/4 Oz-$1.85 1/2 Oz-$2.20 1 Oz-$3.75 1/4 Lb-$8.55 1 Lb-$24.20

Mammoth Gold (110 days) Fruits are round, flattened at ends, typically weighing 40 to 60 pounds, but can exceed 100 pounds. Pumpkin is golden orange in color. Flesh is pale orange with thick flesh. Great for carving.
1/4 Oz-$2.20 1/2 Oz-$2.60 1 Oz-$4.55 1/4 Lb-$11.20 1 Lb-$32.55

Neck Pumpkin (120 days) This is actually a squash related to Butternut. Fruit is 18 to 24" in length with a 4 to 5" neck and a 9" bulb. Rind is light brown, smooth, and hard. Flesh is thick, solid, dry, sweet and orange in color. A popular variety for both fresh market and home garden. According to many gardeners this is the best pumpkin for pies. Treated seed.
1/4 Oz-$1.90 1/2 Oz-$2.25 1 Oz-$3.70 1/4 Lb-$8.35 1 Lb-$23.40

Small Sugar or New England Pie (108 days) Fruits are round, flattened at ends, measuring 8 by 10", weighing 6 to 8 pounds and deep orange in color. Flesh is orange-yellow and fine textured. A favorite pie and canning variety, good winter keeper.
1/4 Oz-$1.85 1/2 Oz-$2.20 1 Oz-$3.75 1/4 Lb-$8.55 1 Lb-$24.20

Spookie (90-120 days) Very sweet and flavorful, **Spookie** is ideal for **pumpkin** pies. The high yielding vines produce numerous 6 pounds very uniform **pumpkins** with fine textured flesh.
1/4 Oz-$1.85 1/2 Oz-$2.20 1 Oz-$3.75 1/4 Lb-$8.55 1 Lb-$24.20

RADISH

1 ounce sows a 100 foot row and feeds a family of five.
Can be sown anytime from March to September. Plants should be spaced 1/2 to 1 inches apart in rows 12 inches apart. Winter varieties should be planted after July.

Black Spanish, Round (Winter) (60 days) Large 3 to 4 inch black skinned turnip shaped radish with crisp, pungent, fairly hot white flesh. Valued for its nutritional value, easy growth and can be stored for long periods of time.
1/4 Oz-$1.65 1 Oz-$3.10 1/4 Lb-$6.25 1/2 Lb-$9.70 1 Lb-$16.70

Champion (20 days) Bright scarlet round radish with delicious, crisp, white flesh that doesn't become pithy. Thrives in cool weather.
1/4 Oz-$1.55 1 Oz-$2.75 1/4 Lb-$5.20 1/2 Lb-$7.80 1 Lb-$13.35

Cherry Belle (21 days) All-America Medal Award-1949. Tops are short. Roots globe to round shape, shin bright cherry red, solid and crisp. A good variety for forcing under glass and for late spring and summer planting.
1/4 Oz-$1.55 1 Oz-$2.75 1/4 Lb-$5.20 1/2 Lb-$7.80 1 Lb-$13.35

China Rose (Winter) (52 days) Handsome, long, rose-colored, mild, sweet flavored, and of crisp brittle texture. It is smooth and cylindrical measuring 7 by 2 inches. *1/4 Oz-$1.55 1 Oz-$2.75 1/4 Lb-$5.20 1 Lb-$13.35*

China White (Winter) (55 days) An ideal variety for winter storage or pickling. Roots reach 5 to 6 inches long and when stored properly, remain crisp and mild throughout the winter. For best results, plant winter storage radish in mid to late August. China White will withstand light frost.
1/4 Oz-$1.55 1 Oz-$2.75 1/4 Lb-$5.20 1/2 Lb-$7.80 1 Lb-$13.35

Crimson Giant (Winter) (30 days) 1.5 to 2 inch diameter globe shaped radish with deep crimson skin. Solid white flesh is crisp and mild without becoming hollow or pithy.
1/4 Oz-$1.55 1 Oz-$2.75 1/4 Lb-$5.20 1/2 Lb-$7.80 1 Lb-$13.35

Early Scarlet Globe (23 days) Medium top with globular, scarlet red roots. Flesh is crisp and white. A long-time favorite with home gardeners.
1/4 Oz-$1.55 1 Oz-$2.75 1/4 Lb-$5.20 1/2 Lb-$7.80 1 Lb-$13.35

French Breakfast (24 days) Scarlet, oblong roots grow 1-3/4 inch long by 3/4 inch wide and have a white tip. White flesh is crisp and mildly pungent when young. *1/4 Oz-$1.55 1 Oz-$2.75 1/4 Lb-$5.20 1 Lb-$13.35*

Purple Plum (28 days) Mild, crisp, round roots have medium purple skin with pure white flesh. Heat tolerant. Add color to your relish dish.
1/4 Oz-$1.75 1 Oz-$3.40 1/4 Lb-$7.50 1/2 Lb-$12.00 1 Lb-$20.85

Sparkler or Early Scarlet White Tip (25 days) Tops are 5 to 6 inches tall. Roots are round and skin is bright scarlet with a definite white tip. Flesh is clear white, crisp and tender. A popular variety in most areas.
1/4 Oz-$1.55 1 Oz-$2.75 1/4 Lb-$5.20 1/2 Lb-$7.80 1 Lb-$13.35

White Icicle (28 days) Medium short tops. Roots are 4-1/2 to 5-1/2 inches long, slender and tapering. White skin with white, crisp and tender flesh. Excellent variety for forcing under glass or home gardens.
1/4 Oz-$1.55 1 Oz-$2.75 1/4 Lb-$5.20 1/2 Lb-$7.80 1 Lb-$13.35

RUTABAGA

Plant in late Summer about 90 days before intended harvest. Sow 6 seeds per foot and cover with ¼" of fine soil in rows 18 to 24" apart. Thin plants to 6 inches apart.

American Purple Top (90-100 days) A dependable variety for large-scale production. Roots are globe-shaped, smooth, 5 to 6" in diameter, deep purple above ground, yellowish below. Flesh is creamy-yellow. Tops are 16 to 20" tall, erect, medium blue color, cut leaved, medium short neck.
1/4 Oz-$1.45 1 Oz-$2.55 1/4 Lb-$4.30 1/2 Lb-$6.20 1 Lb-$10.45

SALSIFY OR VEGETABLE OYSTER

1 ounce sows a 100 foot row and feeds a family of five.
Plant in early Spring. Space between plants should be 2" in rows 18 to 24" apart.

Mammoth Sandwich Island (150-175 days) Roots are 8 to 9" long by 1 to 1-1/2" thick at shoulder, tapering. Tops are heavy and grass-like. Used in soups and as a creamed vegetable which has a flavor resembling that of an oyster. Good winter keeper in storage or may be left in ground and used in early spring. Crop Failure

SPINACH

1 ounce sows a 100 foot row and feeds a family of five.

Sow in early Spring and September. Plants should be 2" apart in rows 12 to 18" apart.

Bloomsdale Long Standing (45 days) Semi-erect plants are large. Leaves are savoyed, large and dark green. Slower to bolt, and therefore can be used for late spring and summer crop.
1/4 Oz-$1.55 1/2 Oz-$1.75 1 Oz-$2.75 1/4 Lb-$5.20 1 Lb-$13.35

Noble Giant (45 days) Heirloom that produces huge, meaty dark green leaves that have exceptional flavor. Abundant producer that is slow to bolt. Retains its excellent flavor cooked, canned or eaten fresh.
1/4 Oz-$1.65 1/2 Oz-$1.90 1 Oz-$3.00 1/4 Lb-$5.90 1 Lb-$15.45

SQUASH - SUMMER VARIETIES

1 ounce sows a 50 foot row and feeds a family of five.

Sow in April to June, 4 seeds per hill every 4 feet in rows 3 to 4 feet apart.

Crookneck, Early Golden Summer (50 days) Fruits are 8" long by 3", curved small crooked neck, heavily warted, golden yellow in color. Flesh is bright yellow, thick, buttery flavor. Bush type plant is prolific. Excellent variety for home and market gardens. Should be used when very young.
1/4 Oz-$1.80 1/2 Oz-$2.15 1 Oz-$3.60 1/4 Lb-$8.05 1 Lb-$22.55

Straightneck, Early Prolific (50 days) All-America Silver Medal Award-1938. Fruit become 10 inches long by about 3 inches in diameter, is club-shaped, some warting and is lemon-yellow turning golden at maturity.
1/4 Oz-$1.80 1/2 Oz-$2.15 1 Oz-$3.60 1/4 Lb-$8.05 1 Lb-$22.55

White Bush Scallop or Patty Pan (52 days) Fruits are round and flat measuring 8-1/2" wide by 3-1/2" deep. Scalloped edges, creamy-white in edible stage turning chalky-white at maturity. Flesh is green tinged with white, thick, tender, fine-grained, juicy and delicious flavor. Bush type plant. Prolific, uniform and very good quality.
1/4 Oz-$1.80 1/2 Oz-$2.15 1 Oz-$3.60 1/4 Lb-$8.05 1 Lb-$22.55

Zucchini, Cocozelle (45 days) Dark green Italian squash with light green stripes. Best when harvested at 12 inches or shorter. Bush type plant is suitable for small space gardener.
1/4 Oz-$1.80 1/2 Oz-$2.15 1 Oz-$3.60 1/4 Lb-$8.05 1 Lb-$22.55

Zucchini, Dark Green (62 days) Fruit measures 12" long by 4" in diameter and is straight, cylindrical and dark greenish black in color. Flesh is greenish-white at edible stage with delicate flavor. Bush type plant is suitable for small garden. Fruit should be picked when only a few days old.
1/4 Oz-$1.80 1/2 Oz-$2.15 1 Oz-$3.60 1/4 Lb-$8.05 1 Lb-$22.55

Zucchini, Golden (55 days) Fruits are medium-long, slender and cylindrical in shape. Bright golden color and delicious, distinctive zucchini flavor. Fruits are best when 6 to 8 inches long. Fertilize when fruits form to increase yield. A good home garden selection.
1/4 Oz-$2.25 1/2 Oz-$2.70 1 Oz-$4.70 1/4 Lb-$11.75 1 Lb-$34.20

SQUASH - WINTER VARIETIES

Acorn, Table Queen (85 days) Medium sized, acorn shaped with sweet golden yellow flesh. Thin dark green shell. Extremely prolific.
1/4 Oz-$1.95 1/2 Oz-$2.30 1 Oz-$3.90 1/4 Lb-$9.10 1 Lb-$25.85

Buttercup, Burgess (100 days) Fruits are 7 to 8 inches in diameter and weigh 3 lbs. Dark green rind with light green stripes. Medium orange flesh is dry, sweet and loaded with vitamin A, B and C.
1/4 Oz-$2.20 1/2 Oz-$2.60 1 Oz-$4.55 1/4 Lb-$11.20 1 Lb-$32.55

Butternut, Waltham (110 days) Fruits measure 10 to 12" long by 5" in diameter. Much more uniform than common Butternut. Rind is smooth, hard, tough and cream colored. Light yellow flesh is dry. A vining type.
1/4 Oz-$1.95 1/2 Oz-$2.30 1 Oz-$3.90 1/4 Lb-$8.85 1 Lb-$25.05

Gold Rush, Hybrid (45 days) Tender, golden-yellow, zucchini-like fruits are produced all season on compact, highly productive, upright plants that are easy to harvest. Early maturing.
10 Seeds-$3.95 25 Seeds-$6.45 100 Seeds-$15.05 250 Seeds-$30.05

Hubbard, Blue (120 days) A popular hubbard type squash with a hard blue-grey shell. Fruits are about 7 inches by 12 inches, average 15 pounds and have a thick fine textured yellow-orange flesh with a sweet flavor.
1/4 Oz-$2.70 1/2 Oz-$3.30 1 Oz-$6.00 1/4 Lb-$15.95 1 Lb-$47.55

Hubbard, Golden (100 days) Beautiful glossy bright orange squash is somewhat pointed on the ends. The deep orange flesh is very sweet and dry making it an excellent choice for pies or canning. Fruits weigh 8 – 12 pounds and are excellent keepers. Bears proficiently.
1/4 Oz-$2.70 1/2 Oz-$3.30 1 Oz-$6.00 1/4 Lb-$15.95 1 Lb-$47.55

Hubbard, Green (105 days) Considered the best of the winter squashes and more largely grown than any other variety. A large olive-shaped squash about 15 by 10" in size, with dark green skin. Thick, fine grained sweet orange-yellow flesh of fine flavor. A good keeper. Yields heavily.
1/4 Oz-$2.70 1/2 Oz-$3.30 1 Oz-$6.00 1/4 Lb-$15.95 1 Lb-$47.55

Spaghetti Squash (100 days) Low-calorie, looks and tastes much like spaghetti. Fruits 8 to 10 inches long at maturity and will store for months. Boil whole, cut and then fluff out spaghetti with fork or cut in half, add salt, pepper and olive oil and bake at 375 for 45 min and then fluff out with fork.
1/4 Oz-$2.00 1/2 Oz-$2.40 1 Oz-$4.05 1/4 Lb-$9.65 1 Lb-$27.55

Turks Turban (Squash / Gourd) (90 days) Closely related to the buttercup squash. Beautiful colors that are often mottled in shades of orange, green and white. Six pounds at maturity. Unique, as it is used both as a vegetable and as an ornamental gourd.
1/8 Oz-$2.50 1/4 Oz-$3.30 1/2 Oz-$4.10 1 Oz-$7.60

SUNFLOWER

Sow seeds after danger of frost has passed 2 to 4 feet apart.

Autumn Beauty (90 days) A mixture of yellow, bronze and purple 6 inch flowers on 5 to 6 foot stalks.
1/8 Oz-$1.75 1/2 Oz-$2.65 1 Oz-$4.60 1/4 Lb-$11.35 1 Lb-$32.95

Horizon, Pollenless (90 days) Traditional dark disk with upright flowers, without the pollen.
1/8 Oz-$7.85 1/4 Oz-$10.75 1/2 Oz-$26.45 1/4 Lb-$79.05 1 Lb-$243.00

Ice Cream (90 days) These branching, lemon-colored blooms are quite prolific · Easy to grow annual with creamy white blooms
1/8 Oz-$3.10 1/2 Oz-$5.20 1 Oz-$9.90 1/4 Lb-$28.75 1 Lb-$87.95

Lemon Queen (90 – 110 days) Bright creamy, lemony, yellow 4 to 5 inch flowers on a 5 to 6 foot tall plant. Multiple flowers on each stalk. Very popular cut flowers.
1/8 Oz-$1.85 1/2 Oz-$2.80 1 Oz-$4.90 1/4 Lb-$12.15 1 Lb-$35.45

Russian Mammoth (105 days) Immense single yellow flowers on heavy, tall stalks.
1/8 Oz-$1.45 1/2 Oz-$2.10 1 Oz-$3.50 1/4 Lb-$7.65 1 Lb-$21.25

Sungold Dwarf or Teddy Bear (80 Days) Brilliant double, golden yellow, fluffy flowers on 2 to 3 foot stems with multiple blooms. A very unique variety.
1/8 Oz-$1.90 1/2 Oz-$2.90 1 Oz-$5.10 1/4 Lb-$12.95 1 Lb-$37.95

Velvet Queen (100 days) Beautiful 5 inch flowers with rusty red petals and dark, purple brown center. 5 to 8 foot tall plants make a striking rear border.
1/8 Oz-$1.80 1/2 Oz-$2.75 1 Oz-$4.75 1/4 Lb-$11.90 1 Lb-$34.60

SWISS CHARD or SPINACH BEET

Sow seed 1/2 to1 inch apart, 1/2 to 3/4 inch deep, in rows no closer than 12 inches apart. Thin seedlings to 2 – 3 inches apart. Swiss chard can be planted as soon as the ground can be worked in spring and will sprout early. Light frosts in the spring will not hurt it.

Lucullus Giant (50-52 days) Grows about 18 to 24 inches tall, and has yellowish-green, much crumpled leaves. It has a slender creamy-yellow midrib.
1/4 Oz-$1.65 1/2 Oz-$1.95 1 Oz.-$3.15 1/4 Lb-$6.60 1 Lb-$17.10

Rainbow (60 days) Wrinkled, slightly savoyed rich green and bronze leaves with ribbed stems that are gold, pink, orange, purple, red and white. The stems are fibrous and inedible, but the leafy greens are succulent and tender when young and valued for their mild flavor and nutritional value.
1/4 Oz-$2.25 1/2 Oz-$2.70 1 Oz.-$4.75 1/4 Lb-$11.65 1 Lb-$32.95

TOMATO

1/8 ounce will produce approximately 200 plants.

Seeds should be sown in cold frame, hothouse or greenhouse 6 to 8 weeks before transplanting. The plants can be set outside as soon as the ground is warm and danger of frost is past. Fertilize well for best results.

Beefsteak, Crimson Cushion or Red Ponderosa (95-98 days) Fruits are extremely large, flattened, irregular and rough in shape, with a tendency to crack. Very fleshy, few seeds, crimson in color. Vines are spreading.
1/8 Oz-$3.45 1/4 Oz-$4.70 1/2 Oz-$5.95 1 Oz-$11.40

Better Boy Hybrid (72 days) Fruits are deep red, sweet, meaty and weigh up to a pound each. The plant has good leaf coverage to prevent sun scald. Excellent disease resistance. Guinness world record holder for producing 342 pounds of fruit from a single plant. (Seed count is approximate)
10 Seeds-$4.70 25 Seeds-$8.10 100 Seeds-$19.70 250 Seeds-$40.00

Big Boy, Hybrid (78 days) A sandwich type slicer with smooth, bright red fruit and a flavor everyone loves. Mid-Season,yet the indeterminate vines continue fruiting, though not as heavily, until frost. Crack resistant.
10 Seeds-$3.95 25 Seeds-$6.45 100 Seeds-$13.95 250 Seeds-$27.70

Red Cherry (72 days) Small scarlet cherry-like fruits borne in clusters. Used in salads, pickling, and eating fresh from vine.
1/8 Oz-$3.90 1/4 Oz-$5.35 1/2 Oz-$6.80 1 Oz-$13.20

Roma V.F. (75-85 days) An excellent tomato for paste, and also used for whole canning or juice. Heavy yields of smooth uniform red pear shaped fruit. Strong, determinate heavy covered plant.
1/8 Oz-$3.65 1/4 Oz-$5.00 1/2 Oz-$6.35 1 Oz-$12.20

Rutgers (82-85 days) Fruits are bright red, medium large, smooth, globe shaped with thick walls, good interior color. Vines are large and bushy with thick stem, vigorous and prolific. Very popular variety.
1/8 Oz-*$5.10 1/4 Oz-$7.15 1/2 Oz-$9.15 1 Oz-$18.05*

TURNIP

1/2 ounce sows a 100 foot row and feeds a family of five.

Can be sown anytime from April to August. Space plants 4" apart in rows 18 to 24" apart.

Purple Top White Globe (57 days) Large roots are smooth, globe shaped, 5 to 6" in diameter, purple across top with white beneath. Flesh is white, fine grained, crisp and tender. Tops are 18 to 22 inch tall, dark green
1/4 Oz-$1.30 1/2 Oz-$1.45 1 Oz-$2.20 1/4 Lb-$3.75 1 Lb-$9.20

Seven Top or Winter Greens (45 days) Tough inedible root. Tops are used for greens and stock grazing. Deer love the tops and also dig out the bulbs to eat.
1/4 Oz-$1.30 1/2 Oz-$1.45 1 Oz-$2.20 1/4 Lb-$3.75 1 Lb-$9.20

WATERMELON

1/2 ounce sows a 100 foot row.

Sow in May or June, 4 seeds per hill, every 6 feet, space rows 8 to 12 feet apart. Does well in sandy loam soil and can stand acid soil.

Black Diamond (90 days) Oval fruit averages 35 – 50 pounds with flavorful red flesh. The bruise-resistant rind is dark blue-green. Drought tolerant with large leaves to prevent sunburn.
1/4 Oz-$2.30 1/2 Oz-$2.80 1 Oz-$4.90 1/4 Lb-$12.25 1 Lb-$35.85

Charleston Gray (85 days) The 22 to 40 pound fruit is long cylindrical measuring 20" by 10". Deep red flesh is crisp and sweet with brown seeds. Tough, hard, gray-green medium thick rind with fine darker green veins. Tolerant to anthracnose and Fusarium wilt.
1/4 Oz-$2.30 1/2 Oz-$2.80 1 Oz-$4.90 1/4 Lb-$12.25 1 Lb-$35.85

Crimson Sweet (85 days) Fruit is almost round, measuring 12” by 10" and average about 25 pounds. The thick, tough rind is medium green with small darker green stripes. Flesh is deep red with a high sugar content. Seeds are small, dark brown with darker brown mottling. Resist to Anthracnose Race 1 & 3, and Fusarium Wilt 1 & 2. A good long distance shipper.
1/4 Oz-$2.60 1/2 Oz-$3.15 1 Oz-$5.70 1/4 Lb-$14.90 1 Lb-$44.20

Dixie Queen (85 days) Fruit is oval round, light green with dark green wavy stripes; measures about 15 by 12-1/2" and weighing about 30 pounds. Thin, tough rind making this a good shipping variety. Flesh is solid, stringless, crisp and very sweet. Small white seeds.
1/4 Oz-$2.30 1/2 Oz-$2.80 1 Oz-$4.90 1/4 Lb-$12.25 1 Lb-$35.85

Florida Giant (90 days) Deep green, 15 inch diameter round fruit weighs 25 – 50 pounds with sweet red juicy flesh and black seeds. Vines are vigorous and productive.
1/4 Oz-$2.30 1/2 Oz-$2.80 1 Oz-$4.90 1/4 Lb-$12.25 1 Lb-$35.85

Moon & Stars (95 days) A dark green skin speckled with yellow spots of varying sizes. Compact vine with up to 40 pound fruit.
1/4 Oz-$3.25 1/2 Oz-$4.05 1 Oz-$7.45 1/4 Lb-$20.70 1 Lb-$62.55

Neptune “Seedless” (83 days) Light green rind with medium dark stripes and sweet bright red flesh. The round/oval fruit weighs 16 – 20 pounds. Fruit is firm and has good shelf life.
10 Seeds-$7.90 25 Seeds-$16.75 100 Seeds-$51.50 250 Seeds-$106.00

Sugar Baby (75 days) Fruit is large icebox type, nearly round, measuring 8 by 8-1/2 inches and weighs about 8 pounds. Thin, dark green hard rind. Flesh is red and sweet. Seeds are tan with black mottling. Great for northern areas where fuller season melons will not ripen.
1/4 Oz-$2.30 1/2 Oz-$2.80 1 Oz-$4.90 1/4 Lb-12.25 1 Lb-$35.85

WILDFLOWERS

Sow in spring, early summer or late fall. Sow at the rate of 5 Oz. per 1000 sq. ft. We recommend sowing wildflowers with sheep fescue at a total rate of 10 Oz. per 1000 sq. ft.

Northeastern Mix *-This wildflower blend will provide continuous blooms to brighten areas of low maintenance. Made especially for the northeastern part of the country. All flower seed with no fillers*

100% Wildflower Mix: 4 Oz-$9.85 1/2 Lb-$16.10 1 Lb-$28.10
Wildflower / Fescue Mix: 4 Oz-$6.25 1/2 Lb-$9.75 1 Lb-$19.15

ALFALFA

Sow April 1 thru mid-May for spring seeding or August1 thru mid-August but at least 6 weeks before frost. Sow 1/4" to 1/2" deep on clay or loam soils and 1/2" to 3/4" deep on sandy oils at a rate of 15 to 18 pounds per acre.

American Double Eagle II Alfalfa: Over the three-year period of Alfalfas planted in the Cornell trial in 2000, American Double Eagle Alfalfa was the most productive. It yielded at 125% of the checks. The trial was replanted in 2005 and American Double Eagle is 3rd in the plots. Growth is tall, upright, fine stemmed and leafy. It has a fall dormancy of 4 and a winter hardiness rating of 2. Seed is inoculated.
1 Lb-$6.30 5 Lb-$31.00 10 Lb-$62.00 25 Lb-$152.50 50 Lb-$299.50

American Eagle II Alfalfa: Our American Eagle II Alfalfa is a blend of 2 excellent varieties that are high yielding with excellent disease resistance. Growth is tall, upright, fine stemmed and leafy. It has a fall dormancy of 3 and a Wisconsin disease index rating of 25. Seed is inoculated.
1 Lb-$6.00 5 Lb-$29.50 10 Lb-$59.00 25 Lb-$145.00 50 Lb-$284.50

Alfalfa, Galaxy – An economical alfalfa that will yield for 4 to 5 years. Untreated. Inoculant recommended.
1 Lb-$5.90 5 Lb-$28.95 10 Lb-$57.90 25 Lb-$142.25 50 Lb-$279.50

Alfalfa, Vernal – An older variety that is very winter hardy, reliable and affordable. Untreated. Inoculant recommended.
1 Lb-$4.90 5 Lb-$24.00 10 Lb-$48.00 25 Lb-$117.50 50 Lb-$230.00

Inoculant, Alfalfa / Clover – One packet treats 50 pounds. Packet $9.25

BUCKWHEAT

Sow mid June thru mid July, but at least 10 weeks before frost. If drilled, sow ½" to 1" deep at the rate of 45 to 55 pounds per acre (3 pounds per 1,000 square feet) and twice the amount if broadcast. Grows best in a cool moist climate like the northeast.

A warm season plant that requires no pesticides and little fertilizer and quickly grows to 24 inches. It begins flowering in 5 to 6 weeks. It mellows the soil and suppresses most weeds. If using as a cover crop, till into the ground when it flowers. The abundance of flowers will attract bees, beneficial predatory insects and flower bugs. A great wildlife cover and the fragrant flowers attract deer.
1 Lb-$1.70 5 Lb-$8.00 10 Lb-$15.80 25 Lb-$37.50 50 Lb-$70.00

BUCKS- A-PLENTY DEER CLOVER MIX

Sow in fall 6-8 weeks before heavy freeze or very early in spring. 3 Lb. will sow approx. 1/3 acre.

Bucks-A-Plenty - Plant this clover mix to draw deer into your area and keep them there. This mix provides nutritional value to have bigger deer and racks. Inoculant is highly recommended.

$28.50 / 3 Lb. Bag *Inoculant - $3.95*

5 Lb-$46.25 *10 Lb-$92.25* *25 Lb-$227.50* *50 Lb-$450.00*

CROWNVETCH

Sow from November thru August. Sow at a rate of 1 Lb. per 1000 sq. ft. Inoculant is highly recommended.

Penngift - Excellent, long-lived perennial legume with dark green foliage and pinkish lavender to white clusters of flowers. Plants grow to a height of 3 feet and flower from June thru September. Crownvetch is slow to start the first year, but will provide excellent cover in 2 to 3 years. Do not use in the garden. **Food Plot for Deer -** An excellent cover for dove, turkey, pheasant and rabbit. Good grazing forage for deer.

Penngift - $31.45/Lb. *Inoculant - $10.30/Pack*

Crownvetch Seeding Mix - For areas that require quick cover to hold the soil until the crownvetch is established, use this seeding mix. Sow at a rate of 2 Lb. per 1000 sq. ft. (50% Crownvetch, 50% Annual Ryegrass).

Crownvetch Seeding Mix - $16.50/Lb. *Inoculant - $10.30/Pack*

FORAGE RADISH

FOOD PLOT FOR DEER or COVER CROP

Broadcast 1/4 to 1/2 pound per 1,000 square feet.
Plant at a depth of 1/4 to 1/2 inches deep, at least 6 weeks before the first frost.

Daikon – Cover Crop. Alleviates soil compaction, suppress weeds, enhances seedbed, builds organic matter, reduces nitrate leaching, controls erosion, reduces runoff, releases nitrogen and increases topsoil fertility. **Food Plot for Deer** – A brassica that can grow a leafy top as high as 2 foot out of the ground and a large tap root as deep as 2 feet under the ground. Roots rapidly decompose in early spring to create a void which aerates the soil, high in protein and minerals.

1 Oz-$3.35 *1/4 Lb-$3.95* *1/2 Lb-$4.60* *1 Lb-$5.25* *5 Lb-$22.50*

GRASS SEED FOR LAWNS

*We buy only the best grass seed from quality growers in Washington, Oregon and Canada. Most of our grass seed is **virtually weed-free**. We custom mix it ourselves.* **WE USE PURE SEED (NO FILLERS)**

American Eagle Mix - All fine-textured, dark green, excellent quality grasses makes this a widely adaptable mix for all types of conditions. It's blending of specialty turf type perennial ryegrasses, Kentucky bluegrass and fine fescue makes it ideal for the most discriminating homeowner...a lawn to be admired. Six pounds sow 1000 square feet.
1 Lb-$2.90 5 Lb-$14.00 10 Lb-$28.00 25 Lb-$67.50 50 Lb-$130.00

Contractors Mix - Designed for the building industry, this mixture contains 50% annual ryegrass. It provides quick, relatively inexpensive ground cover but will thin, but works well in areas of less concern and less frequent mowing. Eight pounds sow 1000 square feet.
1 Lb-$2.00 5 Lb-$9.50 10 Lb-$19.00 25 Lb-$45.00 50 Lb-$85.00

Drought Resistant Mix – For dryer areas, this is an unbeatable grass seed mix. This blend contains a mix of 70% specialty turf type tall fescues with *Lateral Spread Technology*, 15% creeping fine fescues and 15% Fahrenheit 90 Kentucky bluegrass. All fine textured, dark green, excellent quality grasses that have deep roots to survive dry periods. Seven pounds sow 1000 square feet.
1 Lb-$2.80 5 Lb-$13.50 10 Lb-$27.00 25 Lb-$65.00 50 Lb-$125.00

Fairway Mix - A blend of top ranked Turf Type Perennial Ryegrasses, is recommended for over seeding. The blend provides excellent seeding vigor, and one of the most wear tolerant formulas available for golf courses, parks, and home lawns. Fairway Mix is endophyte enhanced which provides a natural resistance to above-ground turf-eating insects and larvae. The fine dark green blades of Fairway Mix are quick to establish and it is virtually thatch-free. Six pounds sow 1000 square feet.
1 Lb-$2.70 5 Lb-$13.00 10 Lb-$26.00 25 Lb-$62.50 50 Lb-$120.00

Penn State Pro Landscaper Mix - An economical mixture of perennial ryegrasses, Kentucky bluegrass, fine fescue and annual ryegrass. Better quality than Contractors Mix but not as good as our other mixtures. Seven pounds sow 1000 square feet.
1 Lb-$2.70 5 Lb-$13.00 10 Lb-$26.00 25 Lb-$62.50 50 Lb-$120.00

Premier Mix - A mixture of improved tall fescues with *Lateral Spread Technology*, Kentucky bluegrass and fine fescue is well suited for lawns with high traffic. Fine, dark green stems can withstand higher humidity, sun or light shade. Seven pounds sow 1000 square feet.
1 Lb-$2.55 5 Lb-$12.25 10 Lb-$24.50 25 Lb-$58.75 50 Lb-$112.50

Shady Mix - This mixture with a strong basis of fine fescues offers the opportunity for an attractive lawn in spite of the shade. Fine-textured cover where other grasses cannot compete. Six pounds sow 1000 square feet.
1 Lb-$3.00 5 Lb-$14.50 10 Lb-$29.00 25 Lb-$70.00 50 Lb-$135.00

Tuff Turf 21 Mix – A mixture of improved tall fescues with *Lateral Spread Technology*, specialty bluegrass and 10% specialty perennial ryegrass. Quick establishment, more drought tolerant, wear resistant and beautiful thin dark green blades. Seven pounds sows 1000 square feet.
1 Lb-$2.50 5 Lb-$12.00 10 Lb-$24.00 25 Lb-$57.50 50 Lb-$110.00

Turf Type Tall Fescue Mix – A mixture of improved tall fescues with *Lateral Spread Technology*. This blend has the potential for increased stand density, particularly under stress, and self-recuperation from traffic, thinning or injury. Fine, dark green stems give an excellent appearance, have an outstanding disease resistance, are more drought tolerant and show increased tendency to "fill-in". Seven pounds sows 1000 square feet.
1 Lb-$2.25 5 Lb-$10.75 10 Lb-$21.50 25 Lb-$51.25 50 Lb-$97.50

LIME

Lime corrects soil acidity, supplies essential plant nutrients, makes other essential nutrients more available and prevents elements such as Mn and Al from being toxic to plant growth. Lime increases fertilizer efficiency and decreases soil acids. For most applications, calcitic lime is best, but you should always use a soil test to determine your lime and fertilizer requirements. Dolomite lime should never be used unless you have a magnesium deficiency.

Pulverized Garden Lime (High Calcium) – Very fine powder. Will not feed in a rotary spreader. Work the lime into the soil with a tiller. Apply 50 pounds per 1,000 sq. ft. *50 Lb. Bag - $7.10*

Pelletized Turf Lime (High Calcium) – Pulverized lime that is formed into a pellet. Works in a rotary spreader. Quick to react. Apply 50 pounds per 1,250 sq. ft. *50 Lb. Bag - $9.10*

SOIL TEST KIT

Soil Test Kit – A soil test is a wise idea for anyone planting or maintaining existing plant life. This analysis by the Pennsylvania State University identifies the fertilizer and lime need to optimize plant growth. *$13.50 / Ea*.

GYPSUM

Gypsum (Calcium Sulfate) – Provides calcium and sulfur for a more healthy soil and is also beneficial for breaking up compact clay soil.
50 Lb. Bag - $20.85

HAIRY VETCH

Sow hairy vetch in spring or fall at a rate of 1 Lb. per 1000 sq. ft. Sow hairy vetch / rye mix at a rate of 1-1/2 Lb. per 1000 sq. ft.

As a natural fertilizer hairy vetch is unsurpassed. This winter cover crop stays green all winter and breaks down quickly when plowed under. It has been known to add 60-70 Lbs. of nitrogen to the soil. Best sown with rye grain as the rye will support the vines.

1 Lb-$3.75 5 Lb-$18.25 10 Lb-$36.50 25 Lb-$88.75 50 Lb-$172.50

WINTER RYE (Grain)

Sow in late fall at a rate of 4 to 6 Lb. per 1000 sq. ft.

Very winter hardy ground cover. Plow down in spring when it is about a foot tall. Adds organic nutrients and is an excellent prevention for erosion.

1 Lb-$0.80 5 Lb-$3.50 10 Lb-$7.00 25 Lb-$15.00 56 Lb-$25.20

BIRD FOOD

*We buy the finest ingredients from growers in the mid-west and sell them at the **best prices**.*

Top Soil, Premium (Organic) – Light weight. Ideal for covering seeds and seedlings. $6.85 - *40 lb Bag*

Weed Barrier – Allows water to flow through while blocking plant growth under it. *3 ft x 300 ft Roll 4 ft x 300 ft Roll 6 ft x 300 ft Roll*

FERTILIZER

Professional 13-0-5 Fertilizer with Dimension - Apply in EARLY SPRING to help prevent crabgrass from getting a root-hold in your lawn. When forsythias start to bloom (soil temperature 55 degrees), apply it as directed, then water-in if it doesn't rain within 3 days of application. Contains 25% SCU for lasting results. Do not use on newly seeded lawns.

50 lb. Bag covers 12,500 square feet - $31.65

Professional 15-0-5 Fertilizer with LockUp – Apply in LATE SPRING. Helps to control weeds while it helps green-up your grass. When weeds are actively growing (around May – June), apply to damp grass, and avoid rain for 24 – 48 hours after applying. Contains 40% SCU for lasting results. Do not use on newly seeded lawns.

50 lb. Bag covers 12,500 square feet - $38.80

Professional 18-24-12 Fertilizer – One of the highest quality **starter fertilizers** on the market. All mineral (contains no fillers) with 50% SCU for lasting results. Blended with the maximum amount of plant nutrients possible, it improves your turf's vigor and boosts wear resistance while providing protection from drought, disease and winter damage. Also makes an **excellent winterizer**. *50 lb. Bag covers 12,500 square feet - $35.80*

Holly Food 4-6-4 Fertilizer – An excellent choice for feeding acid loving plants like hollies, azaleas, camellias, evergreens, dogwoods and rhododendrons. Promotes more beautiful blooms with more vibrant color.

40 lb.Bag - $24.10

5-10-10 Fertilizer – A good garden fertilizer for plants that produce bulbs below the ground, such as potatoes and beets.
*50 lb.Bag - $12.85** (This is the price at printing, but fertilizer fluctuates with fuel prices. Best to call for current price before ordering.)*

10-10-10 Fertilizer – A good all-purpose garden fertilizer.
*50 lb.Bag - $14.85** (This is the price at printing, but fertilizer fluctuates with fuel prices. Best to call for current price before ordering.)*

19-19-19 Fertilizer – A good all-purpose fertilizer that is all minerals and does not contain any fillers. Excellent fertilizer for hydro-seeding.
*50 lb.Bag - $23.35** (This is the price at printing, but fertilizer fluctuates with fuel prices. Best to call for current price before ordering.)*

20-10-10 Fertilizer – A good fertilizer for plants that require a lot of nitrogen such as corn.
*50 lb.Bag - $18.35** (This is the price at printing, but fertilizer fluctuates with fuel prices. Best to call for current price before ordering.)*
